Gentlemen:

SUBJECT: Application for Amendment of Operating License

Enclosed please find Omaha Public Power District's (OPPD) "Application for Amendment of Operating License" which supplements the application submitted by Reference 2 based on a telephone conference held on December 4, 1992, between Messrs. Bloom and Pulsipher of the NRC staff and members of my staff. The changes requested in general, reflect Combustion Engineering Standard Technical Specifications (NUREG-0212 Rev. 2) for containment integrity and the Personnel Air Lock. This submittal also fulfills a commitment made in response to the Temporary Waiver of Compliance from Technical Specification 2.6 received on December 24, 1992.

Attachment A contains replacement pages for the markup and final versions of the Technical Specifications transmitted by Reference 2. Attachment B provides replacement pages for the Discussion, Justification and No Significant Hazards Consideration Analysis transmitted by Reference 2.

If you have questions or require further information, please do not hesitate to contact me or members of my staff.

Sincerely,

W. G. Gates
