Gentlemen:

Thank you for your letter of November 30, 1990, discussing your plans regarding the physical inventory. While we still have questions regarding your corrective actions on this matter, we will address them after we have approved your new Radiation Safety Officer, and prior to your recommencing activities. Therefore, we have no further questions at this time in regard to your response to the Notice of Violation dated July 26, 1990. The effectiveness of your corrective actions will be reviewed during a future inspection.

Sincerely,

A. Bert Davis
Regional Administrator
