Dear Mr. Malphurs:

Subject: Enforcement Conference Conducted July 8, 1991

This letter refers to the Enforcement Conference conducted at our office in King of Prussia, Pennsylvania, on July 8, 1991, relating to the finding of an Office of Investigations (OI) Inquiry into an apparent falsification of sealed source inventory records by your former Radiation Safety Officer (RSO). A summary of discussions which took place at the conference and meeting attendees are identified in the enclosed Enforcement Conference Report.

It is our view that this meeting was beneficial in that it provided additional information regarding the actions of the former RSO in carrying out his responsibility to conduct sealed source inventories in 1990. In addition, the meeting enabled you to present your corrective actions to prevent recurrence of violations of sealed source inventory requirements.

Enforcement action resulting from this inspection will be transmitted to you in separate correspondence.

In accordance with 10 CFR 2.790(a), a copy of this letter and the enclosure will be placed in the NRC Public Document Room.

No reply to this letter is required. Your cooperation with us in this matter is appreciated.

Sincerely,

Original Signed - J

Ronald R. Bellamy, Chief  
Nuclear Materials Safety Branch  
Division of Radiation Safety
