Dear Mr. Malphurs:

Subject: Inspection No. 030-10026/91-001

This refers to your letter dated June 13, 1991, in response to our letter dated June 3, 1991.

In addition to corrective actions documented in your letter, based on a telephone conversation between Mary Cahill of this office and Dr. Flesh, we understand that verification of inventory records will be performed by cross-checking that information against disposal logs maintained in the labs.

Thank you for informing us of the corrective and preventive actions documented in your letter. These actions will be examined during a future inspection of your licensed program.

Your cooperation with us is appreciated.

Sincerely,
