Re: Certification of Financial Assurance
License No. 20-09568-17

Dear Mr. Kinneman:

Ronald Amoling, our Radiation Safety Officer, spoke to Jenny Johansen on July 16, 1990. She suggested I write you to request an extension to the July 27, 1990 deadline for submission of Certification of Financial Assurance for Decommissioning.

Our financial certification plan is completed and we have made every effort to comply with the deadline, but we are requesting a ninety day deadline extension to allow our auditors and board of trustees to complete their review and approval of the plan.

We will make every effort to complete this review and approval process as quickly as possible and apologize for any inconvenience this may cause you or NRC. Please do not hesitate to call me at 617-735-7048 for any questions or comments you may have regarding this request.

Thank you for your understanding in this matter.

Sincerely,

William New
Director
Research Administration
