Re: Termination of License No. 37-17717-01

Gentlemen:

As requested, this letter is being written to supplement our earlier correspondence to Mr. Paul Swetland (dated September 3, 1992) regarding the termination of our NRC License No. 37-17717-01.

In our September 3, 1992 letter we failed to state that the disposed Nickel-63 sealed source was the only source within our possession which is regulated under the license being terminated. All other sources are regulated under a separate license.

I trust this addendum is sufficient. If you have any questions, please call.

Sincerely,

David B. Irwin
