Dear Mr. Ryan:

Please find enclosed corrected copies of amendments to your NRC materials license.

Please review the enclosed documents carefully. If there are any errors or questions, please notify the Region I Material Licensing Section, (215) 337-5093, so that we can provide appropriate corrections and answers.

During our recent review of your license, the following inconsistencies in the numbering of your amendments were identified:

1. Amendment No. 11 issued July 31, 1991 was incorrectly numbered. It should have been Amendment No. 12.
2. Amendment No. 12 issued September 11, 1991 as a Corrected Copy identified a correction for a place of use but did not state that the amendment number was also corrected from Amendment No. 11 to Amendment No. 12.
3. Amendment No. 14 issued December 6, 1991 should have been Amendment No. 13.
 - This amendment is attached as a Corrected Copy of Amendment No. 13.
4. Amendment No. 15 issued May 27, 1992 should have been Amendment No. 14.
 - This amendment is attached as a Corrected Copy of Amendment No. 14.
