### NOTICE OF VIOLATION

Entergy Operations, Inc.  
Arkansas Nuclear One

Docket Nos. 50-313  
50-368  
License Nos. DPR-51  
NPF-6

During an NRC inspection conducted on December 7-11, 1992, a violation of NRC requirements was identified. In accordance with the "General Statement of Policy and Procedure for NRC Enforcement Actions," 10 CFR Part 2, Appendix C, the violation is listed below:

In accordance with 10 CFR 73.56, licensees must follow an access authorization plan incorporated into their site Physical Security Plan.

Paragraph 1.3.1 of the licensee's Industrial Security Plan (i.e., the site Physical Security Plan) states, in part, "ANO commits to Regulatory Guide 5.66." Paragraph 9.0 of Regulatory Guide 5.66 states, "Individuals with unescorted access authorization must be notified of his/her responsibility to report any arrest that may impact upon his/her trustworthiness." Licensee Procedure A5.1, paragraph 5.13.2, also requires that all personnel be notified of the responsibility to report arrests.

Contrary to the above, the inspectors determined that the licensee only notified employees that those arrests involving drugs and alcohol have to be reported (313/9228-01; 368/9228-01).

This is a Severity Level IV violation (Supplement III).

Pursuant to the provisions of 10 CFR 2.201, Entergy, Inc. is hereby required to submit a written statement or explanation to the Regional Administrator, Region IV, with a copy to the U.S. Nuclear Regulatory Commission, ATTN: Document Control Desk, Washington, D.C. 20555, within 30 days of the date of the letter transmitting this Notice of Violation (Notice). This reply should be clearly marked as a "Reply to a Notice of Violation" and should include for each violation: (1) the reason for the violation, or, if contested, the basis for disputing the violation, (2) the corrective steps that have been taken and the results achieved, (3) the corrective steps that will be taken to avoid further violations, and (4) the date when full compliance will be achieved. If an adequate reply is not received within the time specified in this Notice, the Commission may issue an Order or Demand for Information as to why such other action as may be proper should not be taken. Where good cause is shown, consideration will be given to extending the response time.
