Docket No. 71-0346

SUBJECT: Change in QA Program for Radioactive Material Packages

REFERENCES: 1) NRC Letter, MacDonald to Crawford, dated September 19, 1989 (G-89328)
2) NRC Letter, Erickson to Crawford, dated November 23, 1992 (G-92244)

Dear Sir:

Public Service Company of Colorado (PSC) requests an amendment to the Quality Assurance (QA) Program Approval for Radioactive Material Packages, Approval Number 0346, Revision 4 (Reference 1). Revision 4 reads as follows:

"Activities conducted under applicable criteria of Appendix B of 10 CFR Part 50 to be in accordance with your QA program for operations at the Fort St. Vrain Unit No. 1 Nuclear Power Plant (NRC Docket No. 50-267) with regard to transportation packages."

PSC requests that this document be amended to read as follows:

"Activities conducted under applicable criteria of Appendix B of 10 CFR Part 50 to be in accordance with your QA program for decommissioning of Fort St. Vrain Unit No. 1 Nuclear Power Plant (NRC Docket No. 50-267) with regard to transportation packages."

NT02
1/0

This change is necessary because the current Fort St. Vrain (FSV) plant 10CFR50 Appendix B QA program was deleted on November 23, 1992, with the issuance of the Decommissioning Order for FSV in accordance with Reference 2. The former QA program is replaced with the Decommissioning QA program as delineated in the Decommissioning Plan, Section 7. In the Safety Evaluation associated with the Decommissioning Order, the NRC states, "PSC's quality assurance program (QAP) is described in Chapter 7 of the PDP and is designed to meet the requirements of Appendix B to 10 CFR Part 50. . . . The staff concludes that the Quality Assurance Plan is adequate and meets the requirements of 10 CFR 50.82(b)(5) and the guidelines of SRP Section 17.2."

Also please change the correspondence title for the "Attention" of Mr. A. C. Crawford from "Vice President Nuclear Operations" to "Vice President Electric Production."

If you have any questions regarding this matter, please contact Mr. M. H. Holmes at (303) 620-1701.

Sincerely,

D. W. Warembourg
