Gentlemen:

This is in reference to your renewal application dated May 23, 1984 signed by Michael G. Knight, LCDR, Radiation Health Officer. In order to continue our review we will need the following additional information:

1. In regards to allowing your Radiation Safety Committee to designate individuals to use radioactive materials by or under their supervision, please indicate the criteria that you will use to authorize your personnel to use radioactive material. Submit your criteria in detail and include the type of training, work experience or on-the-job training, education, and safety features you will require for personnel handling various types and quantities of radioactive materials. For the minimum training and experience criteria required by the Nuclear Regulatory Commission for in vitro and laboratory use, see Section 33.15(b) of 10 CFR Part 33.
2. Please confirm if your address is to be changed from your current address of: Department of the Navy, Naval Undersea Medical Institute, Naval Submarine Base New London, Groton, Connecticut 06340 to the following address as stated in your license application of: Department of the Navy, Naval Undersea Medical Institute, Box 159, Naval Submarine Base New London, Groton, Connecticut 06349.

We will continue our review of your application upon receipt of the requested information. Please reply in duplicate, and reference Mail Control No. 17620.

Sincerely,
