Re: Ohio Edison Company, et al., LBP-92-32

Dear Mr. Julian:

On December 2, 1992, I received a copy of a letter addressed to you from Mr. Mark A. Singley of the Shaw, Pittman, Potts and Trowbridge law firm, attorneys for Ohio Edison Company. In that letter, Mr. Singley confirmed your advice that December 8, 1992 is the date by which the applicants in the above-referenced matter, including Ohio Edison, must file any petition for review of the decision of the Atomic Safety and Licensing Board issued on November 18, 1992 in the above-referenced matter.

Following receipt of that letter, I called you to ascertain how that date was calculated. After providing me with that information, you confirmed that any petition for review that may be filed by the City of Cleveland, Ohio, with respect to that decision would likewise be timely filed if filed on December 8, 1992.

Thank you very much.

Very truly yours,

Reuben Goldberg
