Dear Mr. Lee:

SUBJECT: DRAFT TECHNICAL EVALUATION REPORT (TER) FOR SALEM ATWS ITEM 1.2
(GENERIC LETTER 83-28)

Re: Fort St. Vrain Nuclear Generating Station (FSV)

The staff has completed a preliminary review to assess the completeness and adequacy of licensee responses to Generic Letter 83-28 Item 1.2. For FSV, your response was found to be incomplete in one of the areas evaluated.

The enclosed TER provides a technical evaluation representing the staff's initial judgement of the areas evaluated. Pen and ink changes have been made to the TER to make the wording consistent with our approach.

In order to preserve our present review schedule, we would appreciate your cooperation in obtaining additional information that will permit us to complete our review. It would appear that the needed information on your facility could be obtained by telephone conference on May 31, 1985. We will arrange an appropriate time.

Sincerely,

Original Signed By
E. H. Johnson
