Docket No. 50-275

Pacific Gas and Electric Company
77 Beale Street, Room 1435
San Francisco, California 94106

Attention: Mr. J. D. Shiffer, Vice President
Nuclear Power Generation, Licensing

Gentlemen:

This letter concerns unescorted access of NRC and contractor employees to your facilities for the purpose of performing an emergency response facilities appraisal. Access to the site will be required intermittently June 3 through June 8, 1985.

The team members have been listed in the enclosure to this letter. The NRC Region V members of the team were included in attachment 1 to the February 1, 1984 letter sent to you that concerned admittance of NRC personnel to your facility. I am requesting that the NRC and contractor personnel identified in the enclosure to this letter be issued no escort required picture badges as authorized by 10 CFR 73.55 (d) (5) for prompt access to all areas of your facility. The Department of Energy (DOE) "Q" and "L" clearance equal or exceed your screening requirements.

The NRC contractor employees identified in the enclosure to this letter should be provided site specific training in radiological protection, emergency response and security comparable to that furnished by you to regular site employees granted unescorted access.

Should you have any questions concerning the above, please contact Mr. K. M. Prendergast at (415) 943-3851.

Sincerely,

S. B. Martin

John B. Martin
Regional Administrator
