PROMULGATION

RESOLUTION OF THE PHOENIXVILLE AREA SCHOOL DISTRICT BOARD OF EDUCATION

THIS PLAN IS ADOPTED AS THE PHOENIXVILLE AREA SCHOOL DISTRICT RADIOLOGICAL EMERGENCY RESPONSE PLAN FOR INCIDENTS AT THE LIMERICK GENERATING STATION. THIS PLAN IS DESIGNED TO COMPLY WITH ALL APPLICABLE FEDERAL AND STATE REGULATIONS AND PROVIDES THE POLICIES AND PROCEDURES TO BE FOLLOWED IN DEALING WITH SUCH AN INCIDENT.

THIS PLAN SUPERSEDES ALL PREVIOUSLY DEVELOPED PLANS OF THE PHOENIXVILLE SCHOOL DISTRICT FOR RESPONSE TO AN INCIDENT AT THE LIMERICK GENERATING STATION.

ADOPTED THIS _____ DAY OF _____, 198__

PHOENIXVILLE AREA SCHOOL DISTRICT
RADIOLOGICAL EMERGENCY RESPONSE PLAN

I. INTRODUCTION

A. Authority

The authority for the preparation of this plan is provided by P. L. 1332, the Pennsylvania Emergency Management Services Act of 1978, by the Board of Education of Phoenixville Area School District and is consistent with P.L. 1332, the Pennsylvania Emergency Management Services Act of 1978. ("Emergency Management Services Code," 1978, Nov. 26, P.L. 1332)

B. Purpose

This plan is presented to establish responsibilities, define a concept of operations, offer workable procedures for the protection of school students and provide for the direction and control of District school facilities, staff and students in the event of an incident at the Limerick Generating Station.

C. References

8. Phoenixville Borough Radiological Emergency Response Plan _____ 198__.

D. Definitions

1. Access Control Point (ACP) - Those points manned primarily by State or local police, augmented when necessary by the National Guard, established around all roads leading into an evacuated area, or an area where occupants are taking shelter, for the purpose of controlling access into the area.
2. Amateur Radio- Licensed volunteer radio amateur communications personnel affiliated with county emergency management organization. (Such organizations include Amateur Radio Emergency Service (ARES), Radio Amateur Civil Emergency Services (RACES), 4 Wheel Drive Clubs for Emergency Services, Civil Defense/ Citizens Band, and Radio Emergency Action Teams (REACT)).
3. Central Resource Receiving Point - A predesignated location outside the plume exposure pathway EPZ, suitable for the reception and distribution of supplies and equipment.
4. Emergency Broadcast System (EBS) Announcements - Official announcements made at the county level for the specific purpose of providing instructions or directions from the County Commissioners, or their designated official representative, to the permanent and transient residents of the county. Announcements are made over the legally designated EBS network. EBS announcements at the State level are made only when they are applicable statewide. Priorities for EBS announcements are specified in law; first priority to the Federal government, second priority to county governments, and third priority to state governments. Restriction on use of EBS announcements does not preclude appropriate use of newspapers, radio and television for public information statements.
5. Emergency Management - The judicious planning, assignment and coordination of all available resources in an integrated program of prevention, mitigation, preparedness, response and recovery for emergencies of any kind, whether from enemy attack, man-made or natural sources. (May be termed Emergency Preparedness.)
6. Emergency Operations Center (EOC) - A facility used by state, county or municipal governments from which to direct operations in the event of an emergency.
7. Emergency Planning Zone (EPZ) - A generic area defined about a nuclear facility to facilitate offsite emergency planning and develop a significant response base. It is defined for the plume and ingestion exposure pathways.
 - a. Plume Exposure Pathway - The area surrounding a fixed nuclear facility which potentially is subject to radiation exposure as a result of an incident involving radioactive material emanating from the facility. Such potential exposure could involve: (1) whole body external exposure to gamma radiation from the plume and from deposited materials,

and (2) inhalation exposure from the passing radioactive plume. The EPZ for this pathway consists of an area of approximately ten miles in radius around the fixed nuclear facility. (The exact size and configuration of the Limerick Generating Station plume exposure pathway EPZ was determined in relation to local emergency response needs and capabilities as they are affected by conditions such as demography, topography, access routes, and jurisdictional boundaries.)

- b. Ingestion Exposure Pathway - That area surrounding a fixed nuclear facility which, as a result of a release of radioactive material, is a potential source of exposure through the ingestion of water and foods, such as milk or fresh vegetables originating there. This EPZ consists of a circular area of 50 miles radius around the fixed nuclear facility.
8. Host School - Predetermined schools outside the plume exposure pathway EPZ to which risk school students are evacuated, at which they remain under risk school officials' supervision, until they are picked up by their parents or legal guardians. Students residing in the plume exposure pathway EPZ and attending school outside will be held for pick-up at the school they attend.
9. Incident - An event or condition at a nuclear facility which could result in impact on public health and safety. Four incident classifications have been identified to facilitate planning for a response to nuclear incidents. The classes (from least serious to most serious) are: Unusual Event, Alert, Site Emergency and General Emergency. Within each classification there are specific emergency responses necessary to ensure that public health and safety are protected. The four classifications are:
- a. Unusual Events - An occurrence which indicates a potential degradation of the level of safety of the facility. No releases of radioactive material requiring offsite response or monitoring are expected unless further degradation of safety systems occurs.
 - b. Alert - An occurrence which involves actual or potential substantial degradation of the level of safety of the facility. Any releases are expected to be limited to small fractions of the Environmental Protection Agency (EPA) protective action guideline exposure levels.
 - c. Site Emergency - An occurrence which involves actual or likely major failures of facility functions needed for the protection of the public. Radioactive releases are not expected to exceed the EPZ protective action guideline exposure levels except near the facility site boundary.

- d. General Emergency - An occurrence which involves actual or imminent substantial core degradation or melting with the potential for loss of containment integrity. Releases can reasonably be expected to exceed EPA protective action guideline exposure levels offsite for more than the immediate site area boundaries.
10. Main Evacuation Routes - Those roadways identified in state and risk county plans as the principal routes leading from the plume exposure pathway EPZ for use by vehicles in the event of an incident requiring evacuation. Traffic control points will be manned by the Pennsylvania State Police to expedite traffic movement.
11. Mass Care Center - Fixed facilities suitable for providing emergency lodging for victims of a disaster left temporarily homeless. Feeding may be done within a mass care center (in suitable dining facilities) or nearby.
12. Mobilize - The act of bringing a staff or agency to the strength required to accomplish its mission; including the pre-positioning or movement of equipment or personnel.
13. Municipality - For the purposes of this plan, the terms "municipality" or "municipal government" are defined or referring, singularly or collectively, to cities, boroughs, townships and incorporated towns within the Commonwealth of Pennsylvania.
14. Parent County - The county in which the nuclear facility is physically located.
15. Projected Dose - An estimate of the radiation dose which affected individuals could potentially receive if protective actions are not taken.
16. Protective Action - An action taken to avoid or reduce a projected dose of radiation. Some of the basic actions are:
- a. Sheltering - Action taken by the public to take advantage of the protection against radiation exposure afforded by remaining indoors, away from doors and windows, during and following the passage of the radioactive plume.
 - b. General Evacuation - The evacuation of the entire population within a specified geographic area.
 - c. Selective Evacuation - The evacuation of specific elements of the population, such as pregnant women, pre-school children or the infirm.
17. Public Alert System - A one-way alert system providing the county emergency management agency with the ability to disseminate a warning to essentially 100% of the population of the

EPZ. The public alert system system is comprised of approximately 166 high output electromechanical sirens, controlled by the county, to "alert" the general public to tune to the Emergency Broadcast System (EBS). Specific instructions are provided to the public by means of EBS messages.

18. Public Information Statements - Public announcements made by the Pennsylvania Emergency Management Agency (PEMA) or county official spokespersons via newspaper, radio or television to explain government actions being taken to protect the public in event of any public emergency. The purpose of the announcement is to provide accurate information, prevent panic and counteract misinformation and rumors. Reference to the emergency incident itself will be made only in the context of the reasons for governmental actions, and not to provide detailed information about it.
19. Radiological Emergency Response Plans (RERP) - Detailed response plans developed by the state and its agencies, county and municipal emergency management agencies, school districts, etc., in coordination with PEMA and the Limerick Generating Station.
20. Reception Center - A predesignated site outside the plume exposure pathway EPZ through which evacuees will pass to obtain information and directions to mass care centers.
21. Risk County - A county located within the plume exposure pathway EPZ of a nuclear facility.
22. Risk School District - A school district located partially or wholly within the plume exposure pathway EPZ of a fixed nuclear facility. Use of the term School District shall include all public and non-profit private schools.
23. School Services Officer - An individual appointed by the County who ensures the coordination of risk school district plans for protective response and coordinates the alert/notification and resource requirements of risk schools at the time of the emergency incident. This individual provides staff assistance to the County EOC and operates under the direction and control of the Chester County Department of Emergency Services Director.
24. Standby Status - The term used to describe a state of readiness. Standard operating procedures have been reviewed; materiel, communications and required supplies are available and adequate for initial operations; and sufficient personnel are on hand to commence operations. Augmentation personnel necessary for sustained operations are alerted and ready to report for duty when called.
25. Support County - The county or counties outside the plume exposure pathway EPZ of a nuclear facility that, through prior agreement, will provide support to a risk county in the event of an incident. Depending on size and location, the same county may be both a risk and support county.

26. Traffic Control Points (TCP) - Those points established at critical road intersections for the purpose of controlling or limiting traffic.
27. Transportation Providers - Owners/operators, district vehicles and drivers and/or contract transportation resources provided for both routine (bus) movement of students, and any special transportation resource provided during emergency conditions.
28. Unmet Needs - Capabilities and/or resources required to support emergency operations are neither available nor provided for at the respective levels of government or by the District.

E. Objectives of the Plan

The plan is presented to:

1. Clarify lines of authority and establish responsibilities for the protection of school students and staff.
2. Ensure that planned actions are in consonance with Municipal, County and State RERP's.
3. Identify necessary resources and required personnel to assure protective actions can be implemented for the Phoenixville Area School District school population.
4. Provide the basis for orientation of school staff, students and parents/guardians regarding appropriate actions in the event of an incident at the Limerick Generating Station.

II. BASIC PLAN

A. General

Because a number of school districts are found within the approximate 10-mile plume exposure pathway EPZ of the Limerick Generating Station, all of which might be expected to implement their respective RERP's simultaneously, the safety of the school population can best be served through an emergency plan that is in consonance among all districts, as well as with the Chester County Plan. Accordingly, the Phoenixville Area School District RERP has been developed in such a manner that it will function harmoniously with other plans (county, municipal, other districts) without risk of conflict.

This plan is designed to protect school students while attending any school function, including classroom and/or extracurricular activities, special events or any function sponsored by the school.

1. School in session refers to regular classroom hours (semesters; summer sessions; evening classes); when the authorized school

calendar applies; when students are involved in regular school sponsored activities/events; or when students occupy school facilities under school supervision.*

2. School not in session refers to after hours during the time of the authorized school calendar (regular and summer school terms). Special activities during vacation periods will be included if school facilities are occupied by individuals or groups not authorized/sponsored by the school (district).*
3. This plan does not apply during vacation periods or when all school facilities are closed for extended periods.
4. Students refer to individuals in grades Kindergarten (K) to Twelve (12) or authorized pre-school program(s).
5. In no case will students be dismissed to their own care if protective action is imminent. School officials will remain responsible for student safety until parents/guardians can assume responsibility.

8. Direction and Coordination

1. The Superintendent of Schools shall exercise all authority granted in accordance with the policies set forth by the School Board and the laws of the Commonwealth of Pennsylvania.
2. The Superintendent of Schools is responsible to the School Board for all school emergency plans and procedures, the coordination of protective action within the school building and for the safety of students and staff in the event of an incident at the Limerick Generating Station.
3. Non-profit private schools within the territory covered by the Phoenixville Area School District come under the school district for planning, notification and coordination of transportation resource requirements.
4. The Superintendent coordinates with the Chester County Department of Emergency Services for protective response to include the direction and control of evacuation and/or sheltering of students and staff and for the cancellation of school or special activities.
5. All students, school buildings, school equipment, staff and contracts will remain under the supervision and control of the Superintendent of Schools. The District Administration Office will serve as the interfacing point in providing for administration, information/resource exchange and management of school services.

* A copy of the school calendar is attached. (Attachment 8)

6. Host school services will be furnished by the Tredyffrin/ Easttown School District and shall be under the operational control of the Tredyffrin/Easttown School District.
7. Because of the multi-district scope of a radiological emergency, the need for centralized coordination of emergency response personnel and resources becomes essential. For the purposes of this Plan, therefore, Chester County shall exercise responsibility for coordination and support.
8. The Chester County Radiological Emergency Response Plan to which this document shall be annexed shall govern implementation of the District RERP.
9. Coordination between the Counties involved shall be accomplished by the Pennsylvania Emergency Management Agency (PEMA) and be governed by the Commonwealth of Pennsylvania, Disaster Operations Plan, Annex E, Fixed Nuclear Facility Incidents.

C. District Organization

An Organizational Chart for the Phoenixville Area School District is included in Attachment 6.

D. Fixed Nuclear Facility Incident Situation

1. All incidents occurring at the Limerick Generating Station will be classified according to the four incident classifications: Unusual Event, Alert, Site Emergency, General Emergency.
2. A fixed nuclear facility incident could occur during school hours and result in the disruption of school services for an extended period of time.
3. In the event of an incident at the Limerick Generating Station, county elected officials and school administration may initiate protective actions including all those actions considered necessary for the safety of the general population, requiring students and staff to either initiate sheltering actions or evacuate directly to designated host schools.

E. Alert/Notification System

1. The Phoenixville Area School District and the Chester County Department of Emergency Services will maintain an alert/notification procedure and a telecommunications system to provide for alert/notification/information exchange in the event of an incident at the Limerick Generating Station. The telecommunications system includes telephones located at the Phoenixville Area School District Administrative Office (and each school building principal's office). ARES (amateur radio) backs up this system. Commercial telephone shall serve as the primary method of communication. In the event of an incident at the

Limerick Generating Station, Chester County Department of Emergency Services will dispatch an ARES operator to the school district office to provide an alternate means of communication.

2. School District Superintendent

In the event of an incident at the Limerick Generating Station, the Phoenixville Area School District Superintendent will be notified by the County School Services Officer from the Chester County EOC. The Pennsylvania Department of Education (PDE) may confirm notification of school Superintendents for the purpose of redundancy.

3. School Principals

When school is in session, school principals of the district buildings (public non-profit private) will be notified by the Superintendent.

When school is not in session, school principals within the district (public and non-profit private) will be notified by the Superintendent.

4. Public

- a. The public will be notified through the public alert system as activated by Chester County. The system consists of approximately 166 high output electro-mechanical sirens distributed throughout the EPZ. The sounding of the sirens indicate that the public should tune to the Emergency Broadcast System (EBS) for instructions. The siren signal is never a notice to evacuate.
- b. The public alert system may be activated during Alert, Site Emergency or General Emergency when:
 - (1) There is significant information that will reassure the public of their safety;
 - (2) The public is to be informed of plant status that may lead them to implement specific actions on their own;
 - (3) Specific actions (to include protective actions) are to be taken by the public.
- c. Following public alert system activation, detailed instructions for protective actions will be made through the Emergency Broadcast System (EBS). A school evacuation EBS message has been prepared for release in the event that such protective action would become necessary (reference Attachment 5).

5. Parents/Legal Guardians

- a. Parents/legal guardians will be notified of school closing/reopening utilizing the normal school district media procedures for cancellation/scheduling - unless preempted by public alert/notification procedures and/or an EBS announcement.
- b. Informational materials regarding plans for the protection of school students in the event of an incident at the Limerick Generating Station, descriptive of school closure, evacuation procedures and appropriate parent/guardian response have been developed for distribution to parents/guardians as a cooperative effort of the Chester County Department of Emergency Services, Phoenixville Area School District and PEMA/PDE.

F. School Closing/Cancellation of Events/Early Dismissal

1. Should a protective action advisory become imminent while school is not in session, a decision will be made to keep schools closed. The decision will be made based on a recommendation made by PEMA and received from the Chester County Department of Emergency Services. Parents/guardians and staff will be notified utilizing regular District procedures for school closing announcements. Note: Consideration for the closing of school may be made at Site and General Emergency. All schools in the Phoenixville Area School District will be closed.
2. School special activities, extracurricular events, sport contests, competitions, club meetings, class trips, etc. will be cancelled/terminated during Alert, Site Emergency, and General Emergency and resumed only at the termination of incident classification or return to Unusual Event.
3. Schools in session will not send children home early should an evacuation appear imminent or be in progress. Regular dismissal policy/transportation routes will be in effect unless preempted by a protective action advisory from Chester County DES.

G. Evacuation Concepts

1. Protective Action Option

Evacuation is a protective action option which involves movement of the population from the plume exposure pathway EPZ. It may be accomplished on a selective or general basis (reference Section 1.0., "Definitions").

2. Authorization and Control

- a. The Governor, or his constitutionally designated successor, has the sole authority and responsibility for directing and compelling a selective or general evacuation.

- b. Elected county or municipal officials in authority may recommend an evacuation for their respective jurisdictions.
- c. PEMA has the primary responsibility for directing and controlling an evacuation order made by the Governor.
- d. A decision to evacuate risk municipalities (including school districts) will be made by the Governor and the decision will be announced through the Chester County Department of Emergency Services channels to school districts and building principals. The Pennsylvania Department of Education may notify District Superintendents for the purpose of redundancy, and municipal EMA Directors will confirm the notification of building principals in their jurisdiction.
- e. The Phoenixville Area School District has the authority to close schools at its discretion. During a fixed nuclear facility incident, the Chester County Department of Emergency Services must be kept informed of decisions to close school; as the County will coordinate school closings among all schools and dispatch needed transportation.

3. Logistics of Evacuation

- a. If school evacuation is required, students located within the EPZ will be bussed directly to the Tredyffrin/Easttown School District to await pick-up by parent or guardian.
- b. Transportation to host schools will be provided for all public and non-profit private school students. Students will not be expected to utilize personal vehicles during evacuation. District policy for the use of private vehicles will apply. For-profit private schools will develop their own plans and provide their own transportation; backed by county transportation resources as required.
- c. Sufficient transportation will be provided to move all students who are inside the EPZ in one lift. District owned and contracted transportation resources will be provided giving priority to schools nearest the Limerick Generating Station. Students will be moved to Tredyffrin/Easttown Junior High and Conestoga Senior H.S. as soon as transportation resources are available after an evacuation is ordered.
- d. Risk School faculty/staff will accompany evacuated students to Tredyffrin/Easttown Junior High and Conestoga Senior H.S. in the buses (or in their private vehicles), as available.
- e. Students may be picked up by parent, legal guardian or designate as authorized in writing (reference Attachment 4) in accordance with District policy.

- f. Should student pick-up extend beyond 8 p.m., remaining students will be bused to Downingtown High School to be fed and properly housed while awaiting pick-up. A notice will be posted to direct parents/guardians to the appropriate locations, should any movement occur. (Note: Phoenixville and Tredyffrin/Easttown School District may choose to have students remain at host schools, providing food, etc., and plans will reflect this decision.)
- g. Supervision of students at the host school will be provided by _____. Students who are transported to Downingtown H.S. after 8 p.m. will be supervised by Mass Care Staff.
- h. As an emergency option, district administration may elect to have the students walk to pre-arranged locations outside the EPZ if warranted. Implementation of this option must be coordinated with the County DES.

4. Evacuation Support

- a. State, county and municipal RERP's offer detailed plans to provide for evacuation routes, traffic control points manned by police, roadway clearance, access control points, security, and emergency fuel supply, to facilitate school evacuation.
- b. Specific agreements have been developed with Tredyffrin/Easttown School District to act as a host school district.
- c. Specific materials have been developed to provide parents/guardians a detailed description of school evacuation procedures/host school locations. (reference Attachment 4)

5. Evacuation Transportation Resources

- a. Phoenixville Area School District transportation vehicles (buses, vans, etc.) are provided for priority use within the District to transport students/staff to host schools. Assignment of vehicles is detailed in Attachments 2 and 3.
- b. Additional vehicle resources required will be planned for and provided through Chester County DES.
- c. Sufficient transportation resources have been provided to move all students requiring evacuation in one lift.
- d. Upon completion of school evacuation assignments, District vehicles will be provided to Chester County DES for mutual aid assignment during evacuation.

- e. District vehicles will be assigned, as appropriate, to bus students from Tredyffrin/Easttown Junior High and Conestoga Senior High School to Downingtown H.S. (at 8 p.m.) for feeding and sheltering, as provided for in this plan.

H. Continuity of School Administration

1. In the event of a general evacuation, the Phoenixville Area School District shall transact required business at an alternate administrative office outside the EPZ, located at Tredyffrin/Easttown School District.
2. School principals (public, non-profit private and parochial) will notify the District of their evacuation location and provide a means for 24 hour per day contact.
3. The Superintendent will notify the Chester County DES School Services Officer of his evacuation location, when not at the alternate administrative office.
4. The Superintendent of Schools shall assure uninterrupted coverage of the District administrative functions defined herein, including:
 - a. The designation and training of two (2) alternates to function in his absence.
 - b. Assisting administrative staff in the designation and training of two (2) alternates to function in their absence, as appropriate to assignments specified in this plan.
 - c. Maintenance of rosters, including methods of contact, telephone numbers, etc., are provided in Attachments 1 and 2.

I. Reentry and Recovery

1. Reentry may be authorized by the Governor upon determination by the PA Bureau of Radiation Protection (BRP) that it is safe to do so.
2. Chester County will notify the Superintendent in advance of any reentry operations and coordinate the return of evacuees to the evacuated area.
3. The Superintendent and each respective school principal, or their designated representatives, shall:
 - a. Return and inspect each local school building
 - b. Reestablish safety and security services
 - c. Report any damage caused by evacuation and reentry, as well as costs of support operations.

- d. Provide for necessary repair/resupply.
4. The Phoenixville Area School District Superintendent shall determine the date to reopen the District schools, notifying the Chester County DES Director/Coordinator who will coordinate school opening with other school districts and PEMA.
5. Parents/guardians and students will be notified of the date of reopening utilizing normal District procedures for school announcements. Announcements may also be published in all major daily newspapers circulated in the District territory.

J. Mutual Aid/Requests for Assistance

1. The Superintendent, assisted by the Chester County Department of Emergency Services, is responsible for establishing mutual aid agreements with other agencies deemed necessary to assist the schools in implementing the District's Radiological Emergency Response Plan (RERP). Written agreements, as required, are attached to this document (reference Attachment 7).
2. Prior to and during an incident, school building principals are responsible to determine unmet needs for each school building and notify the Superintendent of resource requirements. The Superintendent shall report unmet needs to the Chester County DES (School Services Officer). Provision of unmet needs will be coordinated by the Chester County DES.

Note: Transportation needs will be reported to the appropriate county or school district officials who provide evacuation transportation resources.

K. Responsibilities

1. School District Superintendent.
 - a. Obtain approval of the school district plans by the District Board of Education. In event of an incident at the Limerick Generating Station, exercise authority granted by the Board of Education to implement the plan.
 - b. Provide an alternate location for school administration in the event of evacuation and assure uninterrupted coverage.
 - c. Ensure that emergency actions planned or implemented are in consonance with the Chester County RERP.
 - d. Ensure that communications (radio and/or telephone) necessary for the successful implementation of this plan are available or will be provided through Chester County DES.
 - e. Develop and maintain any necessary Mutual Aid Agreements.
 - f. Determine unmet needs and inform the Chester County DES.

- g. Maintain expense records of personnel and resource utilization resulting from Plan implementation.
 - h. Upon reentry after evacuation, ascertain all resources needed to return the district/buildings to normal and report them to the County DES.
 - i. Provide training for all District personnel utilized in the implementation of the Plan.
2. School Principals (includes public, non-profit private and parochial schools).
- a. Determine unmet needs and inform the Superintendent.
 - b. Maintain building expense records of personnel and resource utilization resulting from RERP implementation.
 - c. Upon reentry after evacuation, assist the Superintendent to ascertain all resources needed to return the school building to normal operation.
 - d. Coordinate training for all building staff utilized in the implementation of the RERP.
 - e. Assure uninterrupted coverage of school building administration.

III. TRAINING

- A. The Superintendent, advised by the Chester County Department of Emergency Services, is responsible for coordinating radiological emergency response training to Phoenixville Area District staff and faculty.
- B. All drills and exercises related to the Limerick Generating Station will be coordinated through the Chester County DES.

IV. PLAN MAINTENANCE AND DISTRIBUTION

A. Plan Maintenance

- 1. The Superintendent is responsible for ensuring that the RERP is current, including the development and distribution of all changes, as well as accomplishing an annual review.
- 2. All changes to the RERP shall be coordinated through the Chester County Department of Emergency Services and be provided to each school building principal.
- 3. All changes to the RERP which involve policy shall be approved by the Superintendent and the Phoenixville Area School District Board of Education after coordination with each principal.

4. The change number and current date shall be placed on any page that is changed and all changes shall be recorded on the "Record of Changes" page (page i).

B. Plan Distribution

1. Phoenixville Area District School Board. (___ copies)
2. Phoenixville Area District Superintendent (___ copies)
3. Chester County DES Director/Coordinator (2 copies)
4. PEMA (2 copies through PDE)
5. PDE (___ copies)
6. Principals for each District school building (___ copies)
7. Phoenixville Area District Transportation Coordinator (1 copy)
(Mr. Joseph M. Moore)
8. Municipal EMA Coordinators for each municipality within the District. (___ copies)
 - a. Phoenixville Borough (___ copies)
 - b. East Pikeland Township (___ copies)
 - c. Schuylkill Township (___ copies)
9. Local police departments. (___ copies)
10. Tredyffrin/Easttown School District; Host School. (___ copies)
11. TOTAL DISTRIBUTION: ___ copies.
Non-profit private, special, and parochial schools
 - a. Valley Forge Christian Academy (___ copies)
 - b. Holy Trinity School (___ copies)
 - c. St. Ann School (___ copies)
 - d. St. Basil the Great (___ copies)
 - e. St. Mary of the Assumption (___ copies)
 - f. Northern Chester Vo-Tech (___ copies)

V. CONCEPT OF OPERATIONS - SCHOOL IN SESSION

A. Unusual Event (School in Session)

No actions required and Phoenixville Area School District is not notified of an Unusual Event.

B. Alert (School in Session)

1. The Phoenixville Area School District Superintendent or alternate will, upon receipt of notification from the Chester County DES (School Services Officer):
 - a. Assure operation of the appropriate school district telecommunications systems.
 - b. Notify all school principals within the district (reference Attachment 2). Schools will be notified by means of the district telephone system.
 - c. Notify school transportation providers to (reference Attachment 3):
 - (1) Place drivers on alert/standby.
 - (2) Inventory and ready transportation equipment.
 - (3) Review transportation assignments/maps.
 - (4) Fuel and maintain transportation vehicles.
 - (5) Provide for priority maintenance of vehicles.
 - (6) Report unserviceable vehicles to the Superintendent.
 - d. Order District-wide cancellation of:
 - (1) Special activities
 - (2) Extracurricular events
 - (3) Intramural/interscholastic sporting events
 - (4) Competitions
 - (5) Club meetings
 - (6) Class trips
 - (7) After school activities
 - e. Monitor EBS announcements (WCAU 1210 AM).

- f. Receive redundant notification/confirmation from PDE, as applicable.
2. Risk school building principals¹ will, upon notification by the Superintendent or Chester County DES:
- a. Assure immediate update of student attendance and class rosters.
 - b. Update rosters every _____ hours.
 - c. Report attendance to Superintendent three (3) times each day (0900, 1200, and 1500 hours prevailing time).
 - d. Cancel special activities as ordered by Superintendent.
 - e. Assure preparation of the building for sheltering, coordinating with school maintenance/security personnel:
 - (1) Fuel and test support systems
 - (2) Secure entrances/exits/windows
 - (3) Review food service capabilities
 - (4) Instruct staff to prepare shelter activities/equipment.
 - (5) Report unmet needs to the Superintendent
 - f. Request the school nurse to inventory special student medical supplies/needs and advise of any resource requirements.
 - g. Review situation and RERP procedures with appropriate staff.
 - h. Recall/dismiss appropriate staff.

C. Site Emergency (School in Session)

1. The Phoenixville Area School District Superintendent will, upon receipt of notification from the Chester County DES (School Services Officer):
- a. Complete all procedures outlined for Alert.
 - b. Report to the District administrative office.
 - c. Further notify school transportation providers to (reference Attachment 3):
 - (1) Prepare buses/vehicles for evacuation

¹ Includes private, non-public and parochial schools.

(2) Priority repair out-of-service vehicles

- d. Confirm host school building locations/evacuation routes (as provided by Chester County DES) with building principals (reference Attachment 2).
 - e. Authorize implementation of emergency staffing including dismissal of pregnant staff/single parents, as appropriate.
 - f. Report unmet needs to County School Services Officer.
 - g. Receive redundant notification/confirmation from PUE, as applicable.
 - h. Monitor EBS announcements (WCAU 1210 AM).
2. Risk School principals¹ will, upon notification by the Superintendent or Chester County DES:
- a. Complete all procedures outlined for Alert.
 - b. Confirm resources necessary for sheltering, reporting unmet needs to Superintendent (coordinate with maintenance/security, food service and nursing personnel).
 - c. Assure distribution of authorization for student pick-up forms and other supplies.
 - d. Initiate emergency staffing and excuse/dismiss staff as ordered by Superintendent.

D. General Emergency (School in Session)

1. The Phoenixville Area School District Superintendent will, upon receipt of notification from the Chester County DES (School Services Officer):
- a. Complete all procedures outlined for Alert and Site Emergency.
 - b. Order school transportation providers to mobilize for completion of preplanned assignments.
 - c. Confirm positioning of buses/evacuation vehicles and assignment of ARES mobile units, reporting unmet transportation needs, received from building principals, to Chester County DES (Tel # 431-6160).
 - d. Provide protective action recommendations to building principals.

¹ Includes private non-public schools.

- e. Monitor EBS announcements (WCAU 1210 AM)
 - f. Establish designated temporary District headquarters at Tredyffrin/Easttown School District.
 - g. IF EVACUATION IS RECOMMENDED:
 - (1) Monitor evacuation process/sheltering, reporting unmet needs to Chester County DES and direct that bus/vehicle drivers completing evacuation assignments report to the Chester County DES at Wolfington Bus Co., Lionville (TBD) or contact the EOC by radio/telephone.
 - (2) At 8 p.m., order closing of host schools and coordinate movement of students to the designated locations, (Downingtown H.S.).
 - (3) Request that principals reduce staff at host schools, as appropriate.
 - (4) Excuse principals/staff upon completion of student pick-up.
 - (5) Receive student evacuation records and remain in contact with Chester County DES to provide census information as required.
 - (6) Receive redundant notification/confirmation from PDE, as applicable.
 - h. IF SHELTERING IS RECOMMENDED:
 - (1) Coordinate sheltering of students attending school in the EPZ.
 - (2) For 8 p.m., coordinate Red Cross activities to establish mass care capability at the schools hosting students awaiting dismissal.
2. Risk School principals will, upon notification by the Phoenixville Area School District Superintendent or the Chester County DES (School Services Officer):
- a. Complete all procedures outlined for Alert and Site Emergency.
 - b. Immediately suspend any non-classroom special activities, practices, etc., not previously cancelled and recall students to campus or to a designated location outside the EPZ, as directed by the District Superintendent or Chester County Department of Emergency Services.
 - c. UPON RECOMMENDATION TO SHELTER:

- (1) Notify all school faculty and staff.
- (2) Ensure that all outside activities are terminated and all personnel moved to predesignated shelter areas.
- (3) Direct maintenance/security staff or assigned individuals to:
 - (a) Shut down heating/ventilation/air conditioning systems.
 - (b) Ensure closing/locking of all exterior doors/windows.
 - (c) Move students to areas of the building providing the most shelter from outside environment, as appropriate. Note: Have students place dampened clothes over nose and mouth, as directed by Chester County Department of Emergency Services.
- (4) Direct food service personnel to:
 - (a) Secure area to extent possible.
 - (b) Assemble water and snacks in shelter areas.
 - (c) Assemble food/snacks for an 8 p.m. schedule.
- (5) Direct administrative personnel to:
 - (a) Secure all personnel records and student files as for weekend departure.
 - (b) Take attendance records to shelter areas.
 - (c) Take attendance "authorization for pick-up" forms to shelter areas
- (6) Direct teachers or classroom monitors to:
 - (a) Close all windows in classroom.
 - (b) Maintain discipline/order.
 - (c) Verify classroom attendance and take attendance record to shelter area.
 - (d) Check non-classroom areas for students.
 - (e) Secure required materials for predetermined shelter area activities.
 - (f) Initiate pre-planned shelter activities.

- (7) Direct school nurse to:
 - (a) Augment resources as needed.
 - (b) Secure student health records.
 - (c) Assemble required health supplies in shelter area.
- (8) Determine status of unmet transportation resources and inventory buses available, notify Superintendent of unmet needs (Tel # _____).
- (9) Assure administrative staff and maintenance supervisors prepare schools as they would for a regular weekend; closing all windows, locking doors, locking files and closing outside ducts or air intakes.
- (10) Do not dismiss students into the EPZ.
- (11) Cooperate with the County DES, Superintendent, and Red Cross to establish a mass care center at the school, should the shelter advisory require.

d. UPON RECOMMENDATION TO EVACUATE:

- (1) If not sheltered, assure updated attendance.
- (2) If sheltering, students are to be reunited with their assigned faculty member and attendance updated.
- (3) Non-cancelled special activities should be immediately terminated and student attendance taken and records completed.
- (4) Initiate orderly movement of students to transportation vehicles and monitor loading and seating of students/staff. Assure communications capability with at least one (1) transportation vehicle assigned, or obtain an ARES mobile unit (through Chester County DES) to accompany vehicles.
- (5) Provide drivers with maps to host schools/reception centers, as required.
- (6) Provide drivers accompanying students to non-cancelled special events (within EPZ or outside EPZ) directions to host school or reception center, as appropriate.
- (7) Assign staff, as available, to accompany students in each transportation vehicle.
- (8) Direct unassigned staff to accompany buses in their private vehicles.

- (9) Provide staff with appropriate attendance records and assure recording of students in each vehicle.
- (10) Supervise movement to host school, notifying County EOC of progress/problems.
- (11) Upon Disembarking in an orderly fashion, verify student attendance and provide attendance records to school staff.
- (12) Provide staff "authorization for pick-up records" and direct that completed lists/records be returned.
- (13) Assign available staff to remain with students at the host school until:
 - (a) all students are picked up by parent/guardians
 - (b) relieved by other staff
 - (c) instructed to leave.
- (14) Report status of student pick-up to Superintendent every 2 hours.
- (15) After 8 p.m. and if students remain to be picked up by their parents or legal guardians and an order has been received from the District Superintendent; assign staff and accompany remaining students to Downingtown H.S..
 - (a) Initiate orderly movement of students to transportation vehicles.
 - (b) Assure that the host facility is secured.
 - (c) Notify Superintendent that the host school is closed/ secured.
- (16) Upon arriving at the mass care center, verify student attendance and provide attendance records to center personnel.
- (17) Assure that staff remain with students at predesignated location, i.e., mass care center until all students in staff's charge are picked up by parent/guardian or until relieved by other staff, instructed to leave, or are assigned to other duty.
- (18) Report completion of student pick-up to Superintendent, and arrange to provide the Superintendent the pick-up/attendance records.
- (19) Excuse remaining staff and provide Superintendent a means of future contact - for receipt of reentry orders.

E. Recovery/Reoccupation/Reopening of Schools (School in Session)

1. The Chester County School Services Officer will notify the Superintendent of the decision to reoccupy the evacuated area.
2. The Superintendent will direct that buildings be inspected for reoccupation by the building principal and that deficiencies be reported to the Superintendent.
3. The Superintendent will report unmet needs to the County School Services Officer, and coordinate necessary repair/resupply and keep accurate records of costs incurred.
4. The Superintendent will, based on information received from PEMA/PDE through Chester County DES, decide to reopen District school(s) and communicate this decision to building principals.
5. Parents/faculty/staff will be notified of the decision to reopen schools using normal media/information procedures supplementing appropriate EBS announcements (newspapers, etc.).
6. Superintendent will monitor daily attendance at reopened schools until attendance returns to pre-incident levels, providing summary attendance reports to the Chester County DES.

VI. CONCEPT OF OPERATIONS - SCHOOL NOT IN SESSION

A. Unusual Event (School not in Session)

No actions required and alert/notification of school officials not expected.

B. Alert (School not in Session)

1. The Phoenixville Area School District Superintendent will, upon receipt of notification from the Chester County DES:

- a. Notify and brief school building principals¹ in the risk area.
 - b. Order District wide cancellation of:
 - (1) Special activities
 - (2) Extracurricular events
 - (3) Intramural/interscholastic sporting events
 - (4) Competitions
 - (5) Club meetings
 - (6) Class trips
 - (7) After school activities
 - c. Monitor EBS announcements (WCAU 1210 AM).
 - d. Receive redundant notification/confirmation from PDE, as applicable.
2. Risk school principals will, upon receipt of notification from the Superintendent:
- a. Cancel/terminate special activities ordered by Superintendent.
 - b. Review RERP procedures.
 - c. Notify any groups or individuals occupying the school building, requesting that all non district employees vacate the building.

C. Site Emergency (School not in Session)

1. Complete all procedures outlined for Alert.

¹ Includes private, non-public and parochial schools.

2. A recommendation to keep schools closed will be made by PEMA/PDE and be provided to Superintendents through Chester County DES.
3. The Superintendent will, upon receipt of notification from Chester County DES:
 - a. Implement the decision, notifying parents/guardians and staff utilizing normal District procedures, supplementing appropriate EBS announcements.
 - b. Notify all principals¹ of the decision to keep schools closed, and brief them of the situation.
 - c. Receive redundant notification from PDE, as applicable.
 - d. Monitor, EBS announcements (WCAU 1210 AM).
4. Risk school Principals will, upon receipt of notification by the Superintendent:
 - a. Provide the Superintendent their personal evacuation location and means of contact, and assure that their own building is secured and vacated; immediately canceling any activities.
 - b. Notify key faculty, department heads and supervisors of the cancellation and direct notification of faculty/staff.

D. General Emergency (School not in Session)

1. A decision to keep schools closed will be made by the Governor/PEMA/PDE/the County and be provided to Superintendents through Chester County DES.
2. Complete all procedures outlined for Site Emergency.
3. Superintendent will, upon receipt of notification from Chester County DES:
 - a. Establish designated temporary District headquarters, located at Tredyffrin/Easttown School District.
 - b. Receive redundant notification from PDE, as applicable.
 - c. Monitor EBS announcements (WCAU 1210 AM).
4. School principals will, upon receipt of notification by the Superintendent:

Assure notification of faculty/staff/ drivers accompanying students to special events (inside/outside the EPZ) to terminate

¹ Includes private non-public schools.

activity and provide instructions/routes to designated location, i.e. mass care center, should evacuation be ordered or to a designated location outside the EPZ should sheltering be in effect.

E. Recovery/Reoccupation/Reopening of School (School not in session)

1. Chester County DES School Services Officer will notify the Superintendent of the decision to reoccupy the evacuated area.
2. The Superintendent will direct that buildings be inspected for reoccupation by the building principal and that deficiencies be reported to the Superintendent.
3. The Superintendent will report unmet needs to the Chester County DES School Services Officer, coordinate necessary repair/resupply and keep accurate records of costs incurred.
4. The Superintendent will, based on information received from PEMA/PDE through Chester County DES, decide to reopen District school(s) and communicate this decision to building principals.
5. Parents/faculty/staff will be notified of the decision to reopen schools using normal media/information procedures, supplementing appropriate EBS announcements.
6. Superintendent will monitor daily attendance at reopened schools until attendance returns to pre-incident levels, providing summary attendance reports to the Chester County DES.

VII. SCHOOL DISTRICT PROFILE

- A. A profile of the Phoenixville Area School District is shown in Attachment 1 "School District Profile Form" and Attachment 2 "School Building Profile Form" for each school in the District,
- B. All completed forms will be reviewed for District use and updated semi-annually, within twenty-five days of the beginning of each school term.
- C. Copies of all completed forms are filed by the Phoenixville District Superintendent for retention and District use.

Dr. Robert B. Murray, Superintendent
Phoenixville Area School District
11 Crestview Road
Phoenixville, PA 19460
- D. Duplicates of all Profile Forms are filed with:
 1. Pennsylvania Department of Education

2. Phoenixville Area School District Transportation Department

Mr. Joseph M. Moore
Phoenixville Area School District

3. Chester County Department of Emergency Services

c/o Timothy R. S. Campbell, Director
Chester County Department of Emergency Services
14 East Biddle Street
West Chester, PA 19380

4. Chester County Intermediate Unit

Educational Service Center
1530 E. Lincoln Highway
Coatesville, PA 19320

- E. Resource material will be provided to all holders of the Phoenixville Area School District RERP on an annual basis only, as deemed appropriate by the Superintendent.

VIII. RESOURCE REQUIREMENTS FOR EVACUATION

- A. Protective Action "Resource Requirements Profiles" are shown in Attachment 3.

- B. The Profiles will be reviewed for District use, and updated semi-annually, within twenty-five days of the beginning of each school term.

- C. Copies of all completed profiles will be filed by the District Superintendent, for retention and District use.

Dr. Robert B. Murray, Superintendent
Phoenixville Area School District
11 Crestview Road
Phoenixville, PA 19460

- D. Duplicates of all Resource/Profile Forms are filed with:

1. Pennsylvania Department of Education

2. Phoenixville Area School District Transportation Department

Mr. Joseph M. Moore
Phoenixville Area School District

3. Chester County Department of Emergency Services

c/o Timothy R. S. Campbell, Director

ATTACHMENT 4

PHOENIXVILLE AREA SCHOOL DISTRICT

Dear Parent:

The Phoenixville Area School District has developed plans to protect the students in the event of an incident at the Limerick Generating Station. Normally, school will be closed in the event of an incident; however, plans have been developed to address any situations while school may be in session. To make the plans effective, the Phoenixville Area School District needs your cooperation and approval.

IN THE EVENT OF AN ADVISORY TO SHELTER

- * Students will remain within the School building(s) they attend.
- * Student dismissal will be delayed until the order is lifted.
- * Dismissal times will be announced.
- * PLEASE DO NOT ATTEMPT TO PICK UP YOUR CHILDREN AT THE SCHOOL THEY REGULARLY ATTEND because it is important to remain inside during a shelter advisory.
- * No student will be dismissed into the EPZ.

IN THE EVENT OF AN EVACUATION

- * Students will be safely transported to a "HOST" school district.
- * The "host" district is Tredyffrin/Easttown (see reverse side for district's).
- * Parents or legal guardians are requested to pick up their children at the "host" school.
- * PLEASE DO NOT ATTEMPT TO PICK UP YOUR CHILDREN AT THE SCHOOL THEY REGULARLY ATTEND (because it is important that school driveways and access roads remain open for buses. In addition, while preparing to evacuate, it is difficult to release students and keep a current and accurate school census).
- * During the entire process, the students will remain under the supervision of School staff (meals will be provided).
- * Students will only be released to parents, legal guardians or individuals having prior approval (Approval form _____).
- * DO NOT RUSH, DRIVE S A F E L Y, the host school is located near an official evacuation route.

Thank you for your cooperation. After you have read and understand the process, please sign and return the copy of this letter to your child's School.

This approval shall remain in effect until cancelled by the parent, legal guardian or upon transfer of the student from the Phoenixville Area School District.

Sincerely,

Name

ATTACHMENT 5

SCHOOL EVACUATION EBS ANNOUNCEMENT

The following message has been released by the Chester County Department of Emergency Services. It supplements instructions given to the public relative to the general evacuation announcement for the approximate ten-mile area around the Limerick Generating Station.

"Parents with children attending school within a ten-mile area of the Limerick Generating Station are advised that their children will be evacuated to a safe location where they can be reunited with their parents or guardians. Children will be bused to safe locations at host schools outside the risk area. Parents are asked to meet their children there. I repeat, children will be bused directly to safe locations at host schools outside the risk area where parents or guardians may pick them up. Parents or guardians are urged to go directly to the host schools. Attempting to pick them up at the schools they attend might interfere with their safe evacuation.

Children attending Chester County schools within the 10-mile area around the Limerick Generating Station will be bused to locations where they can be picked up.

Please refer to the information provided by your child's school that highlights these host schools and pick up procedures.

Parents are urged not to telephone or to go to the school that their children are attending inside the ten-mile radius of the plant. This will only create confusion. Parents are to meet their children at the assigned host schools. I repeat, parents are urged not to telephone or to go to the school that their children are attending inside the approximate ten-mile area, but to meet their children at assigned host schools.

If your child attends a school outside the ten-mile radius, you may pick up your child at that school.

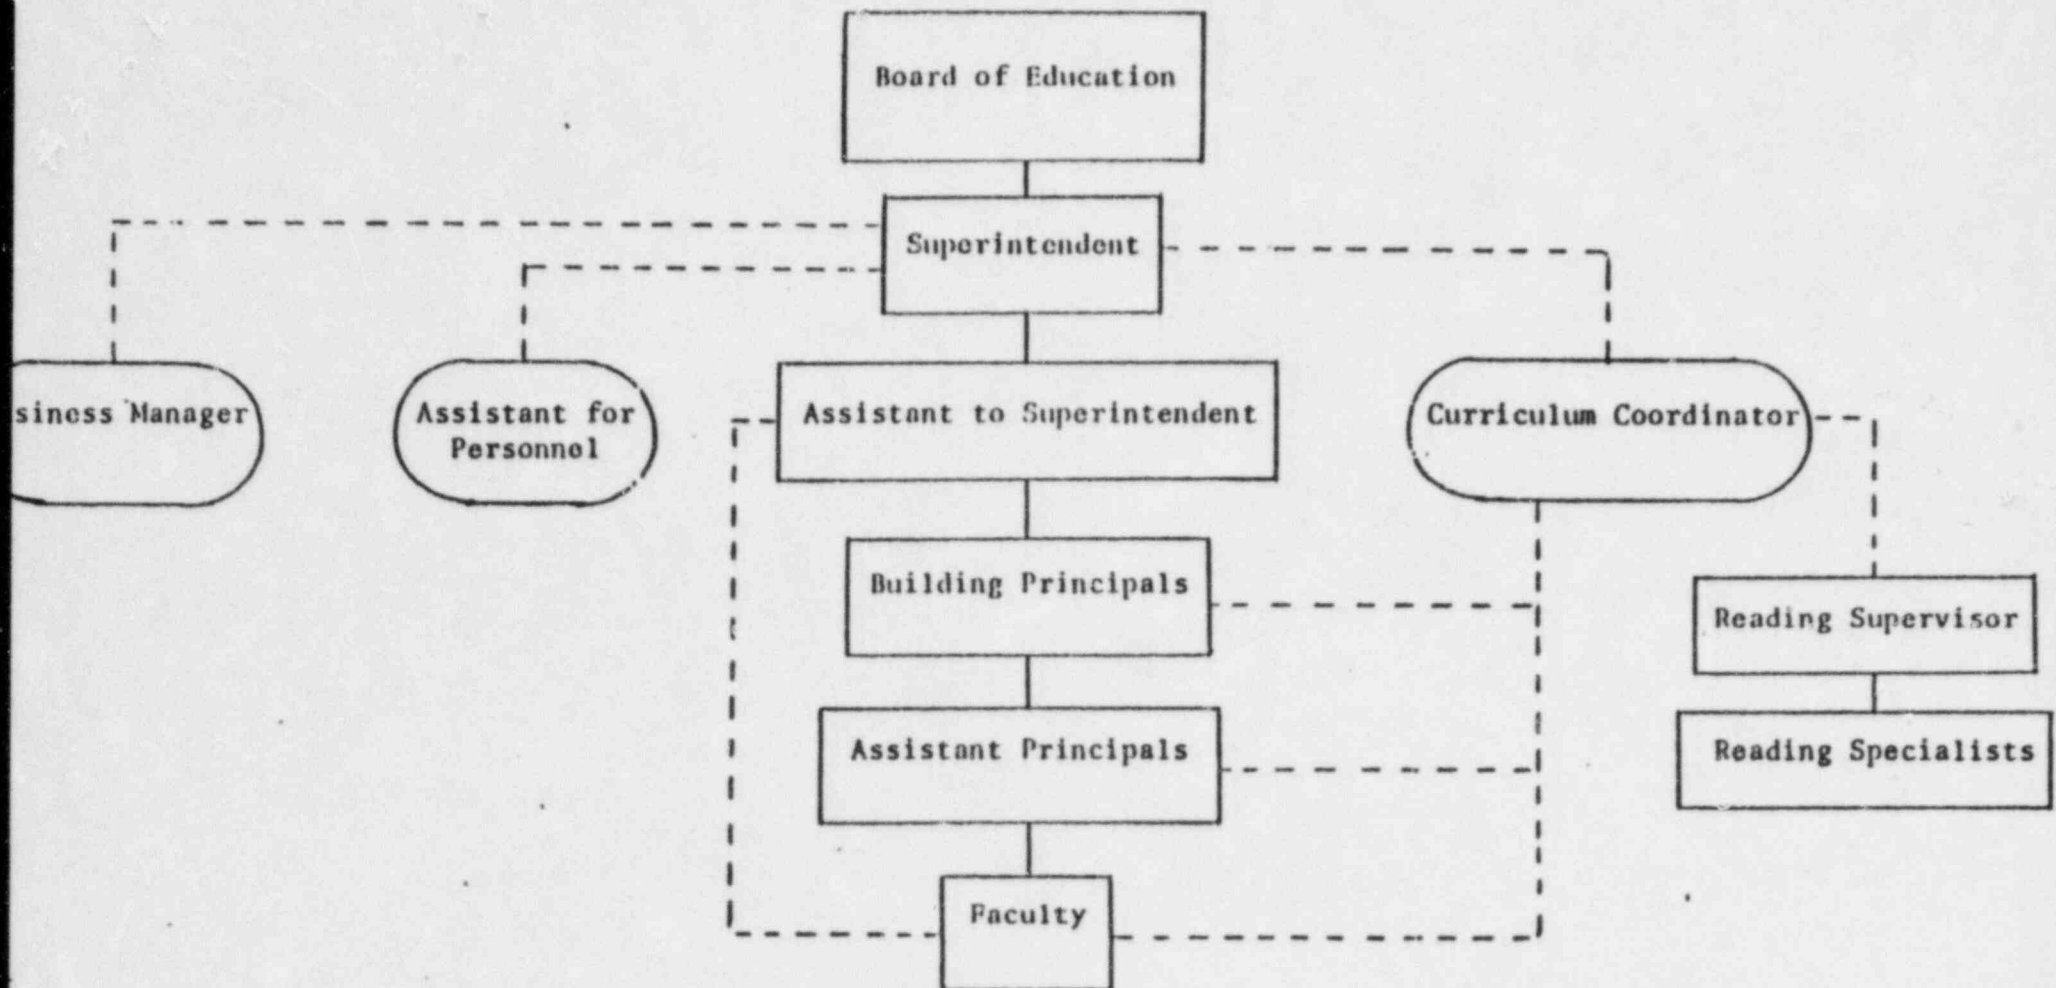

These host schools will remain open until 8 p.m. After 8 p.m., your child will be transferred to an announced location to await pickup.

The preceding has been an announcement by the Chester County Department of Emergency Services giving parents instructions on where to meet their children who are attending school in the approximate ten-mile area around the Limerick Generating Station."

(Repeat this message one time then end transmission.)

(This message will be broadcast along with the General Evacuation announcement when instructions are given by the Department of Emergency Services to do so.)

PHOENIXVILLE AREA SCHOOL DISTRICT
ORGANIZATION CHART

ATTACHMENT 7

AGREEMENTS

This document shall serve as the full and complete agreement made and duly executed by official representatives of Tredyffrin/Easttown School District, First and Bridge Avenues, Berwyn, PA, hereinafter referred to as HOST DISTRICT (represented by Dr. George F. Garwood, Superintendent) and Phoenixville Area School District, 1120 South Gay Street, Phoenixville, PA 19460, hereinafter referred to as RISK DISTRICT (represented by Dr. Robert B. Murray, Superintendent) for the purposes of the Phoenixville Area School District radiological emergency response plans for incidents at the Limerick Generating Station to which this agreement is attached. Copies of this agreement are held by Tredyffrin/Easttown School District (host district), Phoenixville Area School District (risk school), Phoenixville Borough (risk municipality), and Chester County (risk county), and are included in the respective radiological emergency response plans.

This agreement shall govern the following roles and responsibilities of the HOST AND RISK SCHOOL DISTRICTS.

1. HOST SCHOOL (Tredyffrin/Easttown) agrees to:
 - a. Make tenable space available to accommodate risk school students and staff (approximately 3100).
 - b. Make space available during an emergency until 8:00 p.m. prevailing time.
 - c. Permit risk school students and staff to utilize the HOST DISTRICT for the purposes herein listed.

- d. Provide administrative support for facility supervision and operation.
- e. Arrange for provision of food services, if required.
- f. Permit risk school staff to make and receive telephone calls related to the emergency.

2. RISK DISTRICT (Phoenixville Area School District) agrees to:

- a. Observe all aspects of this agreement.
- b. Provide updates to the host district regarding any changes regarding student numbers, changes in the radiological emergency response plan, etc.
- c. Provide for notification of Host District in the event of an incident which may require implementation of the Phoenixville Area School District radiological emergency response plan to which this agreement applies.
- d. Provide staff for the supervision of risk school students during evacuation of risk school, during transportation of students to host school and during the time risk students are on the premises of Host School District and until students are returned to the physical custody of parents, legal guardian or legal alternate. Appropriate forms will be maintained, titled "Authorization for Student Pick-up."
- e. Assume all responsibility for risk school students hosted by host school district.

Having read and understanding this agreement, we hereby complete the document
by attaching our signatures this date.

☐ School not in session

☐ School not in session
Staff inservice day

Three snow emergency make-up days are scheduled in the following order: March 15, April 4. The May 3 In-Service Day may be used and the In-Service Day moved to the end of the school calendar. All others will be added to the end of the year.

STAFF MEMBERS: If days are made up during school holidays, Personal Days will be granted in accordance with the negotiated contract.
