PROMULGATION

RESOLUTION OF THE PERKIOMEN VALLEY SCHOOL DISTRICT BOARD OF EDUCATION

THIS PLAN IS ADOPTED AS THE PERKIOMEN VALLEY SCHOOL DISTRICT RADIOLOGICAL
EMERGENCY RESPONSE PLAN FOR INCIDENTS AT THE LIMERICK GENERATING STATION.

THIS PLAN IS DESIGNED TO COMPLY WITH ALL APPLICABLE FEDERAL AND STATE
REGULATIONS AND PROVIDES THE POLICIES AND PROCEDURES TO BE FOLLOWED IN DEALING
WITH SUCH AN INCIDENT.

THIS PLAN SUPERSEDES ALL OTHER DISTRICT PLANS FOR RESPONSE TO AN INCIDENT
AT THE LIMERICK GENERATING STATION.

ADOPTED THIS 14th DAY OF November, 1983

PERKIOMEN VALLEY SCHOOL DISTRICT
RADIOLOGICAL EMERGENCY RESPONSE PLAN

I. INTRODUCTION

A. Authority

The authority for the preparation of this plan is provided by the Board of Education, Perkiomen Valley School District, and is consistent with P. L. 1332, the Pennsylvania Emergency Management Services Act of 1978.

B. Purpose

This plan is presented to establish responsibilities, define a concept of operations, offer workable procedures for the protection of school students, and provide for the direction and control of District school facilities, staff, and students in the event of an incident at the Limerick Generating Station.

C. References

1. Pennsylvania Emergency Management Services Act of 1978, P. L. 1332.
2. Montgomery County Radiological Emergency Response Plan, Annex N, School Services.
3. Commonwealth of Pennsylvania, Disaster Operations Plan, Annex E, Fixed Nuclear Facility Incidents, Appendix 11, Schools and Colleges Emergency Plans, 1981, with changes.
4. School Emergency Planning Guide, Pennsylvania Department of Education, 1980.

6. U. S. Nuclear Regulatory Commission and the Federal Emergency Management Agency "Criteria for Preparation and Evaluation of Radiological Emergency Response Plans and Preparedness in Support of Nuclear Power Plants," NUREG 0654, FEMA-REP-1, REV 1, November 1980.

D. Definitions

1. Access Control Point (ACP) - Those points manned primarily by State or local police, augmented when necessary by the National Guard, established around all roads leading into an evacuated area, or an area where occupants are taking shelter, for the purpose of controlling access into the area.

2. Amateur Radio- Licensed volunteer radio amateur communications personnel affiliated with county emergency management organization. (Such organizations include Amateur Radio Emergency Service (ARES), Radio Amateur Civil Emergency Services (RACES), 4 Wheel Drive Clubs for Emergency Services, Civil Defense/ Citizens Band, and Radio Emergency Action Teams (REACT).
3. Central Resource Receiving Point - A predesignated location outside the plume exposure pathway EPZ, suitable for the reception and distribution of supplies and equipment.
4. Emergency Broadcast System (EBS) Announcements - Official announcements made at the county level for the specific purpose of providing instructions or directions from the County Commissioners, or their designated official representative, to the permanent and transient residents of the county. Announcements are made over the legally designated EBS network. EBS announcements at the State level are made only when they are applicable statewide. Priorities for EBS announcements are specified in law; first priority to the Federal government, second priority to county governments, and third priority to state governments. Restriction on use of EBS announcements does not preclude appropriate use of newspapers, radio and television for public information statements.
5. Emergency Management - The judicious planning, assignment and coordination of all available resources in an integrated program of prevention, mitigation, preparedness, response and recovery for emergencies of any kind, whether from enemy attack, man-made or natural sources. (May be termed Emergency Preparedness.)
6. Emergency Operations Center (EOC) - A facility used by state, county or municipal governments from which to direct operations in the event of an emergency.
7. Emergency Planning Zone (EPZ) - A generic area defined about a nuclear facility to facilitate offsite emergency planning and develop a significant response base. It is defined for the plume and ingestion exposure pathways.
 - a. Plume Exposure Pathway - The area surrounding a fixed nuclear facility which potentially is subject to radiation exposure as a result of an incident involving radioactive material emanating from the facility. Such potential exposure could involve: (1) whole body external exposure to gamma radiation from the plume and from deposited materials, and (2) inhalation exposure from the passing radioactive plume. The EPZ for this pathway consists of an area of approximately ten miles in radius around the fixed nuclear facility. (The exact size and configuration of the plume exposure pathway EPZ for the Limerick Generating Station was determined in relation to local emergency response needs and capabilities as they are affected by conditions such as demography, topography, access routes, and jurisdictional boundaries.

- b. Ingestion Exposure Pathway - That area surrounding a fixed nuclear facility which, as a result of a release of radioactive material, is a potential source of exposure through the ingestion of water and foods, such as milk or fresh vegetables originating there. This EPZ consists of a circular area of 50 miles radius around the fixed nuclear facility.
- 8. Host School - Predetermined schools outside the plume exposure pathway EPZ to which risk school students are evacuated, at which they remain under risk school officials' supervision, until they are picked up by their parents or legal guardians. Students residing in the plume exposure pathway EPZ and attending school outside will be held for pick-up at the school they attend.
- 9. Incident - An event or condition at a nuclear facility which could result in impact on public health and safety. Four emergency incident levels have been developed to facilitate planning for response to nuclear incidents:
 - a. Unusual Events - An occurrence which indicates a potential degradation of the level of safety of the facility. No releases of radioactive material requiring offsite response or monitoring are expected unless further degradation of safety systems occurs.
 - b. Alert - An occurrence which involves actual or potential substantial degradation of the level of safety of the facility. Any releases are expected to be limited to small fractions of the Environmental Protection Agency (EPA) protective action guideline exposure levels.
 - c. Site Emergency - An occurrence which involves actual or likely major failures of facility functions needed for the protection of the public. Radioactive releases are not expected to exceed the EPZ protective action guideline exposure levels except near the facility site boundary.
 - d. General Emergency - An occurrence which involves actual or imminent substantial core degradation or melting with the potential for loss of containment integrity. Releases can reasonably be expected to exceed EPA protective action guideline exposure levels offsite for more than the immediate site area boundaries.
- 10. Main Evacuation Routes - Those roadways identified in state and risk county plans as the principal routes leading from the plume exposure pathway EPZ for use by vehicles in the event of an incident requiring evacuation. Traffic control points will be manned by the Pennsylvania State Police to expedite traffic movement.

11. Mass Care Center - Fixed facilities suitable for providing emergency lodging for victims of a disaster left temporarily homeless. Feeding may be done within a mass care center (in suitable dining facilities) or nearby.
12. Mobilize - The act of bringing a staff or agency to the strength required to accomplish its mission; including the prepositioning or movement of equipment or personnel.
13. Municipality - For the purposes of this plan, the terms "municipality" or "municipal government" are defined or referring, singularly or collectively, to cities, boroughs, townships and incorporated towns within the Commonwealth of Pennsylvania.
14. Parent County - The county in which the nuclear facility is physically located. (Montgomery County for the Limerick Generating Station.)
15. Projected Dose - An estimate of the radiation dose which affected individuals could potentially receive if protective actions are not taken.
16. Protective Action - An action taken to avoid or reduce a projected dose of radiation. Some of the basic actions are:
 - a. Sheltering - Action taken by the public to take advantage of the protection against radiation exposure afforded by remaining indoors, away from doors and windows, during and following the passage of the radioactive plume.
 - b. General Evacuation - The evacuation of the entire population within a specified geographic area.
 - c. Selective Evacuation - The evacuation of specific elements of the population, such as pregnant women, pre-school children or the infirm.
17. Public Information Statements - Public announcements made by the Pennsylvania Emergency Management Agency (PEMA) or county official spokespersons via newspaper, radio or television to explain government actions being taken to protect the public in event of any public emergency. The purpose of the announcement is to provide accurate information, prevent panic and counteract misinformation and rumors. Reference to the emergency incident itself will be made only in the context of the reasons for governmental actions, and not to provide detailed information about it.
18. Radiological Emergency Response Plans (REXP) - Detailed response plans developed by the state and its agencies, county and municipal emergency management agencies, school districts, etc. in coordination with the Pennsylvania Emergency Management Agency and the respective fixed nuclear facility.

19. Reception Center - A predesignated site outside the plume exposure pathway EPZ through which evacuees will pass to obtain information and directions to mass care centers.
20. Risk County - A county located within the plume exposure pathway EPZ of a nuclear facility.
21. Risk School District - A school district located partially or wholly within the plume exposure pathway EPZ of a fixed nuclear facility. Use of the term school district shall include all public and non-profit private schools.
22. School Services Officer - An individual appointed by the Montgomery County Office of Emergency Preparedness (OEP) who ensures the coordination of risk school district plans for protective response and coordinates the alert/notification and resource requirements of risk schools at the time of the emergency incident. This individual provides staff assistance to the Montgomery County EOC and operates under the direction and control of the Montgomery County OEP Director/Coordinator.
23. Standby Status - The term used to describe state of readiness. Standard operating procedures have been reviewed; materiel, communications and required supplies are available and adequate for initial operations; and sufficient personnel are on hand to commence operations. Augmentation personnel necessary for sustained operations are alerted and ready to report for duty when called.
24. Support County - The county or counties outside the plume exposure pathway EPZ of a nuclear facility that, through prior agreement, will provide support to a risk county in the event of an incident. Depending on size and location, the same county may be both a risk and support county.
25. Traffic Control Points (TCP) - Those points established at critical road intersections for the purpose of controlling or limiting traffic.
26. Transportation Providers - Owners/operators, school district vehicles and drivers and/or contract transportation resources provided for both routine (bus) movement of students, and any special transportation resource provided during emergency conditions.
27. Unmet Needs - Capabilities and/or resources required to support emergency operations neither available nor provided for at the respective levels of government or by the District.

E. Objectives of the Plan

The plan is presented to:

1. Clarify lines of authority and establish responsibilities for the protection of school students and staff.

2. Ensures that planned actions are in consonance with Municipal, County and State RERP's.
3. Identify necessary resources and required personnel to assure protective actions can be implemented for the Perkiomen Valley School District population.
4. Provide the basis for orientation of school staff, students and parents/guardians regarding appropriate actions in the event of an incident at the Limerick Generating Station.

II. BASIC PLAN

A. General

Because a number of school districts are found within the 10-mile plume exposure pathway EPZ of the Limerick Generating Station, all of which might be expected to implement their respective RERP's simultaneously, the safety of the school population can best be served through an emergency plan that is in consonance among all districts, as well as with the state and risk county RERP's. Accordingly, the Perkiomen Valley School District RERP has been developed in such a manner that it will function harmoniously with other plans without risk of conflict.

This plan is designed to protect school students while attending any school function, including classroom and/or extracurricular activities, special events or any function sponsored by the school.

B. Direction and Coordination

1. The Superintendent of Schools shall exercise all authority granted in accordance with the policies set forth by the School Board and the laws of the Commonwealth of Pennsylvania.
2. The Superintendent of Schools is responsible to the School Board for all school emergency plans and procedures assuring the safety of students and staff in the event of an incident at the Limerick Generating Station.
3. Non-profit private schools within the territory covered by the Perkiomen Valley School District come under the school district for planning, notification and coordination of transportation resource requirements.
4. The Superintendent of Schools coordinates with the Montgomery County JEP for protective response to include the direction and control of evacuation and/or sheltering of students and staff and for the cancellation of school or special activities.
5. All students, school buildings, school equipment, staff and contracts will remain under the supervision and control of the Superintendent of Schools. The Perkiomen Valley School District Administration Office will serve as the interfacing point in

providing for administration, information/resource exchange and management of school services.

6. School Principals are responsible to the Superintendent for school building emergency plans, the coordination of protective action within their school building, and for the safety of students and staff in the event of incident at the Limerick Generating Station.
7. Host school services furnished by the North Penn School District and other designated schools shall be under the operational control of the supporting host district or school.
8. Because of the multi-district scope of a radiological emergency, the need for centralized coordination of emergency response personnel and resources becomes essential. For the purposes of this Plan, therefore, Montgomery County OEP shall exercise responsibility for coordination and support.
9. The Montgomery County Radiological Emergency Response Plan to which this document shall be annexed shall govern implementation of the Perkiomen Valley School District RERP.
10. Coordination between the counties involved shall be accomplished by the Pennsylvania Emergency Management Agency (PEMA) and be governed by the Commonwealth of Pennsylvania, Disaster Operations Plan, Annex E, Fixed Nuclear Facility Incidents.
11. School is in session during regular classroom hours (semesters; summer sessions; evening classes); when the authorized school calendar applies; when students are involved in regular school sponsored activities/events; or when students occupy school facilities under school supervision.*
12. School not in session refers to after hours during the time of the authorized school calendar (regular and summer school terms). Special activities during vacation periods will be included if school facilities are occupied by individuals or groups not authorized/sponsored by the School (District).*
13. This plan does not apply during vacation periods or when all school facilities are closed for extended periods. Decisions to extend vacations, etc., are implemented using procedures specified for "School not in Session," as appropriate. All actions will be coordinated through the Montgomery County OEP.
14. Students refer to individuals in grades Kindergarten (K) to Twelve (12), authorized pre-school program(s) or special education activities.

* A copy of the school calendar is attached (reference Attachment 8).

15. In no case will students be dismissed to their own care if protective action is imminent. School officials will remain responsible for student safety until parents/guardians can assume responsibility.

C. District Organization

An Organizational Chart for the Perkiomen Valley School District is included in Attachment 6.

D. Fixed Nuclear Facility Incident Situation

1. All incidents occurring at the Limerick Generating Station will be classified according to the emergency action levels: Unusual Event, Alert, Site Emergency, General Emergency.
2. A fixed nuclear facility incident could occur during school hours and result in the disruption of school services for an extended period of time.
3. County officials and school administration will initiate protective actions including all those actions considered necessary for the safety of the general population, requiring students and staff to either initiate sheltering actions or evacuate directly to designated host schools.

E. Alert/Notification System

1. Montgomery County OEP and the Perkiomen Valley School District will maintain an alert/notification procedure and a primary and backup telecommunications system to provide for alert/notification and information exchange in the event of an incident at the Limerick Generating Station. The telecommunications system includes telephones located at the Perkiomen Valley School District Administrative Office (and each school principal's office). Commercial telephone shall serve as the primary method of communication. The Montgomery County OEP will provide for a RACES representative at the Perkiomen Valley School District Administrative Office to provide an alternate means of radio communications in the event of a telephone failure.

In the event of an incident at the Limerick Generating Station requiring notification of schools, Montgomery County OEP will notify the Superintendent during ALERT, SITE EMERGENCY and GENERAL EMERGENCY. The Perkiomen Valley School District Superintendent is responsible to confirm notification of all school officials. *

2. School District Superintendent

In the event of an incident at the Limerick Generating Station, the Superintendent will be notified by County School Services Officer from the Montgomery County EOC. The Pennsylvania

Department of Education (PDE) may confirm notification of school Superintendents for the purpose of redundancy.

3. School Principals

When school is not in session, public and non-profit private school building principals will be notified by the Superintendent.

When school is in session, public and non-profit private school building principals will be notified by the Superintendent or the Montgomery County OEP School Services Officer from the Montgomery County EOC, should the Superintendent or his designate be unavailable.

4. Public Notification

- a. When necessary, the public will be alerted through the public alert system as activated by Montgomery County OEP. This system consists of sirens activated by the Montgomery County OEP, and capable of providing a distinctive three (3) minute steady tone. *
- b. To assure coverage, personnel and equipment through the Montgomery County OEP (Fire Departments) will be dispatched by the Montgomery County EOC to supplement this alerting procedure.
- c. The public alert system may be activated during Alert, Site Emergency or General Emergency when (a) there is significant information that will reassure the public of their safety; (b) the public is to be informed of plant status that may lead them to implement specific actions on their own; or (c) specific actions (to include protective actions) are to be taken by the public. (Note: It will be activated at General Emergency.)
- d. Following public alert system activation, detailed instructions for protective actions will be made through the alert and warning Emergency Broadcast System (EBS). A school evacuation EBS message has been prepared (reference Attachment 5).

5. Notification of Parents/Legal Guardians

- a. Parents, legal guardians will be notified of school closing/reopening utilizing the normal Perkiomen Valley School District media procedures - unless preempted by public alert/notification procedures and/or an EBS announcement. Parental notifications will be coordinated with Montgomery County OEP.
- b. Informational material regarding plans for the protection of school students in the event of an incident at the Limerick

Generating Station, descriptive of school closure, evacuation procedures and appropriate parent/guardian response has been developed for distribution to parents/guardians as a cooperative effort of the Montgomery County UEP, Perkiomen Valley School District and PEMA/PDE.

F. School Closing/Cancellation of Events/Early Dismissal

1. If protective action becomes imminent while school is not in session, a decision will be made to keep schools closed. The decision will be made based on a recommendation made by PEMA/PDE, and received from the Montgomery County UEP. The target times for receipt of PEMA/PDE recommendations are 11 p.m. and/or 6 a.m. The recommendations will be prior to 6 a.m. to allow time for appropriate notifications. Parents/guardians and staff will be notified utilizing regular District procedures for school closing announcements. Note: Consideration for the closing of school may be made at Site and General Emergency. All schools in the Perkiomen Valley District will be closed.
2. School special activities, extracurricular events, sports contests, competitions, club meetings, class trips, etc. will be cancelled/terminated during Alert, Site Emergency, and General Emergency and resumed only at the termination of incident classification or reduction to Unusual Event.
3. Schools in session will not send children home early should an evacuation appear imminent or be in progress. Regular dismissal policy/transportation routes will be in effect unless pre-empted by parental notification from the District and/or a protective action recommendation from the Montgomery County UEP.

G. Evacuation Concepts

1. Protective Action Option

Evacuation is a protective action option which involves movement of the population from the plume exposure pathway EPZ. It may be accomplished on a selective or general basis.

2. Authorization and Control

- a. The Governor, or his constitutionally designated successor, has the sole authority and responsibility for directing and compelling a selective or general evacuation.
- b. Elected county or municipal officials in authority may recommend an evacuation for their respective jurisdictions.
- c. PEMA has the primary responsibility for directing and controlling an evacuation order made by the Governor.

- d. A decision to evacuate risk municipalities (including school districts) will be announced by PEMA through the Montgomery County OEP channels to school districts and building principals. (Note: The Pennsylvania Department of Education may notify District Superintendents for the purpose of redundancy and municipal EMA Coordinators will confirm the notification of building principals in their municipality.)
- e. The Perkiomen Valley School District has the authority to close schools at its discretion. During a fixed nuclear facility incident, the Montgomery County OEP must be kept informed of decisions to close school or have school remain closed; as the Montgomery County OEP will coordinate school closings among all districts/schools and dispatch and/or provide needed transportation in the event of a need to evacuate.

3. Logistics of Evacuation

- a. If school evacuation is required, students located within the EPZ will be bussed directly to the host schools, to await pick-up by parent or guardian. Host school district for the Perkiomen Valley School District is the North Penn School District; Host School for Bright Spot Kindergarten and Twin Acres Kindergarten is Lansdale Christian Academy Host School for St. Mary's School and St. Eleanore School is Corpus Christi School.
- b. Transportation to host schools will be provided for all public and non-profit private school students. Students who walk to school, drive to, or are escorted to school will not be expected to utilize personal vehicles during evacuation. District policy for the use of private vehicles will apply. *
- c. Sufficient transportation will be provided to move all students inside the EPZ in one lift. District owned and contracted transportation resources will be provided giving priority to schools nearest the Limerick Generating Station. Montgomery County OEP will coordinate additional out-of-district transportation resources required to supplement district resources. Students will be moved to the designated host schools as soon as transportation resources are available after evacuation is ordered. *
- d. Designated risk School faculty/staff will accompany evacuated students to the designated host schools in the buses or in their private vehicles, as available, and remain with students until they are picked up by parents or legal guardians in accordance with District policy for student pick-up.

- e. Students may be picked up by parent, legal guardian or designate, as authorized in writing (reference Attachment 4), in accordance with District policy.
- f. Should student pick-up extend beyond 8 p.m., remaining students may be bused to or remain at North Penn Senior High School (i.e., feeding center) to be fed, properly housed and await pick-up. A notice will be posted to direct parents/guardians to the appropriate location, should any movement occur. (Note: The Perkiomen Valley School District may request to have students remain at the designated host schools, providing food, etc. should conditions dictate this course of action.)

4. Evacuation Support

- a. State, county and municipal RERP's offer detailed plans to provide for evacuation routes, traffic control points manned by police, roadway clearance, access control points, security, and emergency fuel supply.
- b. Specific agreements have been developed with North Penn School District and other designated schools, to act as host schools.
- c. Specific materials have been developed to provide parents/guardians a detailed description of school evacuation procedures/host school locations. (reference Attachment 4)

b. Evacuation Transportation Resources

- a. Perkiomen Valley School District transportation vehicles (buses, vans, etc.) are provided for priority use within the District to transport students/staff. Assignment of vehicles is detailed in Attachments 2 and 3.
- b. Additional vehicle resources required will be planned for and provided through the Montgomery County OEP, and are detailed in Attachments 2 and 3.
- c. Sufficient transportation resources have been provided to move all students requiring evacuation in one lift.
- d. Upon completion of school evacuation assignments, District vehicles will be provided to the Montgomery County OEP for mutual aid assignment during evacuation.
- e. District vehicles will be assigned, as appropriate, to bus students from the designated host schools to designated feeding center - North Penn Senior High School (at 8 p.m.) for feeding and sheltering, as provided for in this RERP. Should conditions dictate the Superintendent may request to have students remain at the designated host schools (to be fed).

H. Continuity of School Administration

1. In the event of a general evacuation, the Perkiomen Valley School District shall transact required business at an alternate location, Montgomery County IU, outside the EPZ, located in Erdenheim, PA.
2. School principals will notify the District of their evacuation location and provide a means for 24 hour per day contact.
3. The Superintendent will notify the Montgomery County UEP School Services Officer of his evacuation location, when not at the Administrative Office.
4. The Superintendent of Schools shall assure uninterrupted coverage of the District administrative functions defined herein, including:
 - a. Designating and training of two (2) alternates to function in his absence.
 - b. Assisting school principals to designate and train two (2) alternates to function in their absence.
 - c. Maintaining rosters, including methods of contact, telephone numbers, etc., as provided in Attachments 1 and 2.

I. Reentry and Recovery, Reopening of School

1. Reentry may be authorized by the Governor upon determination by the PA Bureau of Radiation Protection (BRP) that it is safe.
2. Montgomery County UEP will notify the Superintendent in advance of any reentry operations and coordinate the return of evacuees to the evacuated area.
3. The Superintendent and each respective school principal, or their designated representatives, shall:
 - a. Return and inspect each local school building.
 - b. Reestablish basic, safety and security services.
 - c. Report damage caused by evacuation and reentry, as well as costs of support operations.
 - d. Provide for necessary repair/resupply.
4. The Superintendent shall determine the date to reopen the District schools, notifying the Montgomery County UEP Coordinator, who will coordinate with other schools and PEMA.
5. Parents/guardians and students will be notified of the date of reopening, utilizing normal District procedures for school

announcements. Announcements will also be published in all major newspapers circulated in the District's territory and coordinated with Montgomery County OEP.

J. Mutual Aid/Requests for Assistance

1. The Superintendent, assisted by the Montgomery County OEP, is responsible for establishing mutual aid agreements with other agencies deemed necessary to assist the schools in implementing the District's RERP. Written agreements, as required, are maintained on file in the District Office and the Montgomery County OEP. *
2. Prior to and during an incident, school principals are responsible to determine unmet needs for each school building and notify the Superintendent of resource requirements. The Superintendent shall report unmet needs to the Montgomery County OEP (School Services Officer). Provision of unmet needs will be coordinated by the Montgomery County OEP.

K. Responsibilities

1. School District Superintendent.
 - a. Obtain approval of the school district plans by the Board of Education. In the event of an incident at the Limerick Generating Station exercise authority granted by the Board of Education to implement the RERP.
 - b. Provide uninterrupted school administration in the event of evacuation.
 - c. Ensure that emergency actions planned or implemented are in conformance with the Montgomery County RERP.
 - d. Ensure that communications systems (telephone and/or radio) necessary for the successful implementation of this plan are available, or will be provided through Montgomery County OEP.
 - e. Develop and maintain any necessary Mutual Aid Agreements.
 - f. Determine unmet needs and inform the Montgomery County OEP.
 - g. Maintain expense records of personnel and resource utilization resulting from RERP implementation.
 - n. Upon reentry after evacuation or reopening, ascertain all resources needed to return the district/buildings to normal operation and report them to the Montgomery County OEP.
 - i. Provide training for all District personnel utilized in the implementation of the RERP.

2. School Principals

- a. Prepare and update individual school building emergency (disaster) procedures and to execute the procedures described herein.
- b. Determine unmet needs and inform the Superintendent.
- c. Maintain building expense records of personnel and resource utilization resulting from RERP implementation.
- d. Upon reentry after evacuation or reopening, assist the Superintendent to ascertain all resources needed to return the school building to normal operation.
- e. Provide training for all building staff utilized in the implementation of the RERP.
- f. Assure uninterrupted coverage of school building administration.

III. TRAINING/DRILLS/EXERCISES

- A. The Superintendent, advised by the Montgomery County OEP, is responsible for providing for radiological emergency response training to Perkiomen Valley School District staff and faculty.
- B. School principal(s) shall ensure that school emergency response personnel understand their responsibilities and can complete appropriate procedures.
- C. All drills and exercises related to the Limerick Generating Station will be coordinated through the Montgomery County OEP.

IV. PLAN MAINTENANCE AND DISTRIBUTION

A. Plan Maintenance

1. The Superintendent is responsible for ensuring the of RERP is current, including the development and distribution of all changes, as well as accomplishing an annual review.
2. All changes to the RERP shall be : 1) coordinated through the Montgomery County OEP and, 2) provided to each holder of the Plan.
3. All changes to the RERP which involve policy shall be approved by the Superintendent and, as appropriate, the Perkiomen Valley School District Board of Education, after coordination with each building principal.
4. The change number and current date shall be placed on any page that is changed and all changes shall be recorded on the "Record of Changes" page (page i).

B. Plan Distribution

1. Perkiomen Valley School District Board of Education (10 copies)
2. Perkiomen Valley School District Superintendent (5 copies)
3. Montgomery County OEP Director/Coordinator (2 copies)
4. Pennsylvania Emergency Management Agency (2 copies)
5. Pennsylvania Department of Education (1 copy)
6. Principals for each school building in the District. (8 copies)
7. Perkiomen Valley School District Transportation Coordinator (1 copy)
8. Wilson Metz Bus Company (1 copy)
9. James O. Sacks Bus Company (1 copy)
10. Lower Frederick Township EMA Coordinator (1 copy)
11. Skippack Township EMA Coordinator (1 copy)
12. Perkiomen Township EMA Coordinator (1 copy)
13. Trappe Borough EMA Coordinator (1 copy)
14. Collegeville Borough EMA Coordinator (1 copy)
15. Schwenksville Borough EMA Coordinator (1 copy)
16. Local police departments (3 copies)
17. Designated Host Schools (3 copies)
 - a. North Penn School District
 - b. Lansdale Christian Academy
 - c. Corpus Christi School

TOTAL DISTRIBUTION: 43 copies.

V. CONCEPT OF OPERATIONS - SCHOOL IN SESSION

A. Unusual Event (School in Session)

No actions required and Perkiomen Valley School District will not be notified of an Unusual Event.

B. Alert (School in Session)

1. School District Superintendent will, upon receipt of notification from the Montgomery County OEP (School Services Officer):

- ___ a. Assure operation of appropriate school district telecommunications systems.

PERKIOMEN VALLEY SCHOOL DISTRICT

Dear Parent:

The Perkiomen Valley School District has developed plans to protect the students in the event of an incident at the Limerick Generating Station. Normally school will be closed in the event of an incident; however, plans have been developed to address any situations while school may be in session. To make the plans effective, the Perkiomen Valley School District needs your cooperation and approval.

IN THE EVENT OF AN ADVISORY TO SHELTER

- * Students will remain within their own School building(s).
- * Student dismissal will be delayed until the order is lifted.
- * Dismissal times will be announced.
- * PLEASE DO NOT ATTEMPT TO PICK UP YOUR CHILDREN AT their own School because it is important to remain inside during a SHELTER ADVISORY.
- * Students living in the risk area whose population might have to shelter Emergency Planning Zone (EPZ) and attending school outside the EPZ, will remain at their own School until the shelter advisory is lifted.
- * No student will be dismissed into the EPZ.

IN THE EVENT OF AN EVACUATION

- * Students will be safely transported to a "HOST" school.
- * The "host" school is (North Penn School District - under development) (see reverse side for directions).
- * Parents or legal guardians are requested to pick up their children at the "host" school.
- * PLEASE DO NOT ATTEMPT TO PICK UP YOUR CHILDREN AT their own School (because it is important that school driveways and access roads remain open for buses. In addition, while preparing to evacuate, it is difficult to releases students and keep a current and accurate school census).
- * During the entire process, the students will remain under the supervision of School staff (meals will be provided).
- * Students will only be released to parents, legal guardians or individuals having prior approval (Approval form is attached).
- * DO NOT RUSH, DRIVE S A F E L Y, the host school is located near an official evacuation route.

- After 8 p.m. any students remaining to be picked up may be bussed to a designated mass care center (the mass care center is operated by the Red Cross). Appropriate signs and directions (see reverse side) will be posted at the host school. Do not worry or rush. _____
School staff are carefully supervising your child's activity.

Thank you for your cooperation. After you have read and understand the process, please sign and return the copy of this letter to your child's School. Be sure to designate who can pick-up your child on the attached "Authorization for Student Pick-Up" record.

This approval shall remain in effect until cancelled by the parent, legal guardian or upon transfer of the student from the District or School.

Sincerely,

William D. Westcott, Ed. D.
Superintendent

SCHOOL EVACUATION EBS ANNOUNCEMENT

The following message has been released by the Montgomery County Office of Emergency Preparedness. It supplements instructions given to the public relative to the general evacuation announcement for an approximate ten-mile radius around the Limerick Generating Station. Please refer to the Emergency Information Brochure for Incidents at the Limerick Generating Station.

"Parents with children attending school within a ten-mile radius of the Limerick Generating Station are advised that their children will be evacuated to safe locations where they may be reunited with their parents or guardians. Students will be bused to host schools outside the risk area. Parents are asked to meet their children at these host schools. I repeat, students will be bused directly to safe locations in host schools outside the risk area where parents or guardians may pick them up. Parents or guardians are urged to go directly to your child's host school. Attempting to pick up children at the schools they attend might interfere with their safe evacuation.

Parents or guardians of school children who live within the risk area of the Limerick Generating Station but whose children attend schools outside of it, are advised that their children will be cared for at the schools they attend until they are picked up by their parents or guardians.

Children attending schools within the risk area of Montgomery County will be bused to the following locations where they can be picked up:

Students of the Methacton School District attending the following schools will be bussed to Methacton Senior High School/Junior High School located in Fairview Village:

- Arcola Intermediate

Students attending Ursinus College will be bussed to and provided mass care at (Jenkintown Senior High School), located in the Borough of Jenkintown.

(Repeat list one time and continue message.)

Please refer to the information provided by your child's school that highlights these host schools and pick up procedures.

Parents are urged not to telephone or to go to the school that their children are attending inside the 10-mile radius around the plant. This will only create confusion. Parents are to meet their children at the assigned host schools. I repeat, parents are urged not to telephone or to go to the school that their children are attending inside the 10-mile radius around the plant, but to meet their children at assigned host schools.

If your child attends a school outside the 10-mile radius, you may pick up your child at his own school.

Note: Read this section after 7 p.m. only.

The host schools will remain open until 8 p.m. After 8 p.m., your child will be bused to one of the following mass care feeding centers to await your pick up.

Students hosted at Emmaus Senior High School and Kings Hwy. Elementary School will be fed and provided mass care at (Emmaus Senior High School).

Students hosted at Southern Lehigh Senior High School will be fed and provided mass care at (Emmaus Senior High School).

Students hosted at North Penn Senior High School, Corpus Christi School, Lansdale Christian Academy, Calvary Baptist School will be fed and provided mass care at (North Penn Senior High School - TBH).

Students hosted at Upper Perkiomen Senior High School, will be fed and provided mass care at the (North Penn Senior High School - TBD).

Students hosted at Methacton Senior/Junior High School, St. Philip Neri School and Plymouth-Whitemarsh Senior High School will be fed and provided mass care at (Plymouth-Whitemarsh Senior High School - TBD).

Students hosted at St. Ann's School, Allentown College and (St. Thomas More), will be fed and provided mass care at (Emmaus Senior High School - TBD).

Students hosted at the Swain School will be fed and provided mass care at (Catasauqua Senior High School).

Students hosted at Jenkintown Senior High School will be fed and provided mass care at this facility.

(Repeat list one time and continue message.)

The preceding has been an announcement by the Montgomery County Office of Emergency Preparedness giving parents instructions on where to meet their children who are attending school during an evacuation of the ten-mile area around the Limerick Generating Station."

(Repeat this message one time then end transmission.)

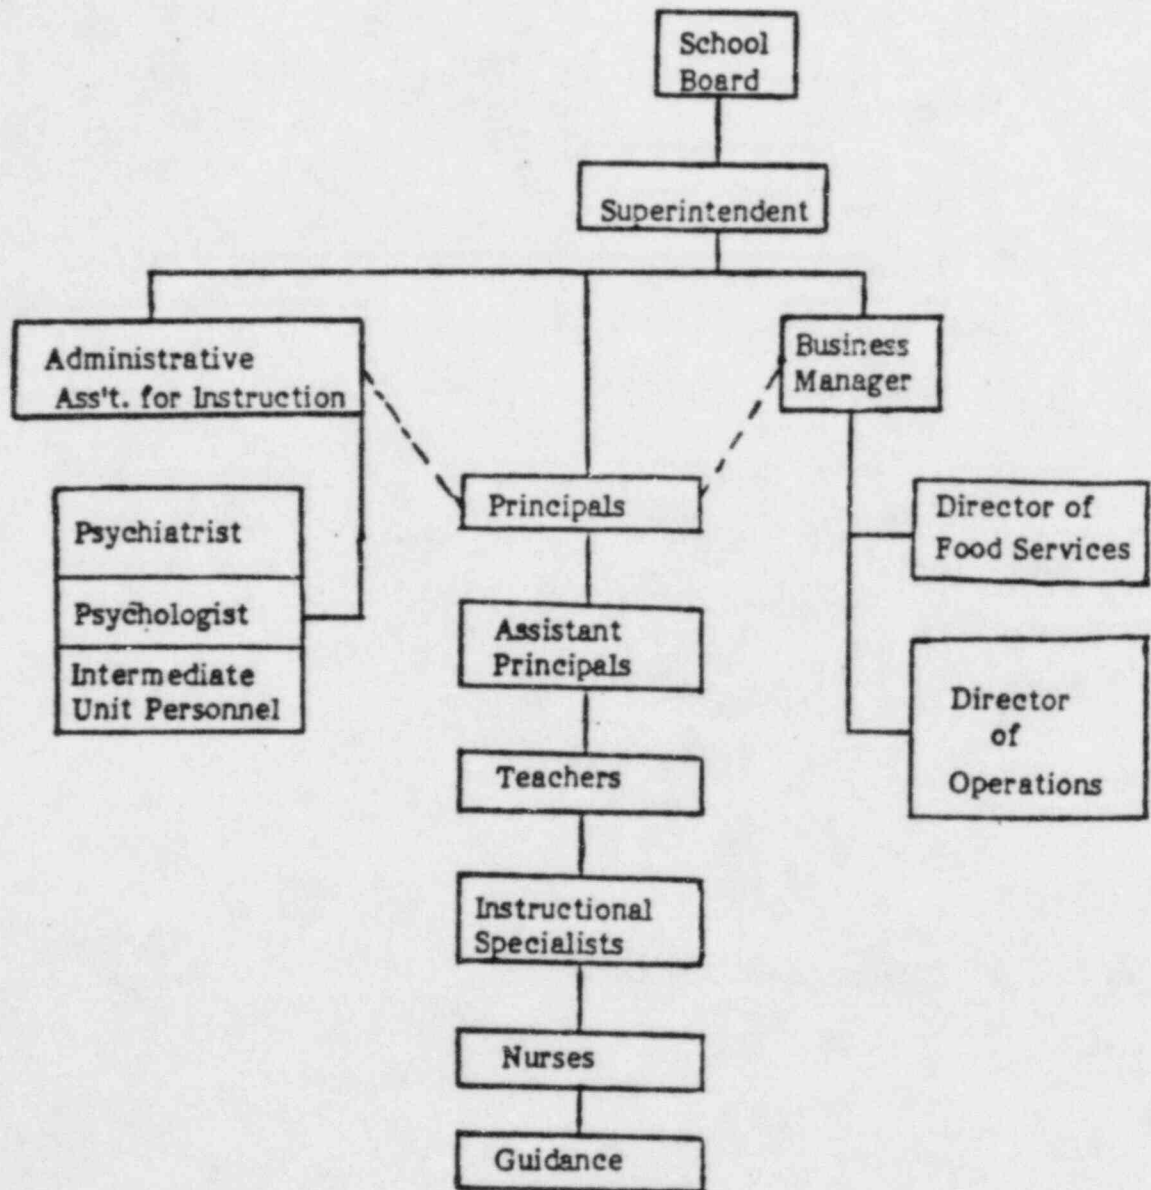

(This message, or portions determined, shall be broadcast along with the General Evacuation announcement only when instructions are given by the Office of Emergency Preparedness to do so.)
