Mr. Edward G. Bauer, Jr.  
Vice President and General Counsel  
Philadelphia Electric Company  
2301 Market Street  
Philadelphia, Pennsylvania 19101

Dear Mr. Bauer:

SUBJECT: DRAFT TECHNICAL EVALUATION REPORT (TER) FOR  
SALEM ATWS ITEM 1.2 (GENERIC LETTER 83-28)

The staff has completed a preliminary review to assess the completeness and adequacy of licensee responses to Generic Letter 83-28 Item 1.2. For the Peach Bottom Atomic Power Station, Units 2 and 3, your response was found to be incomplete in four of the areas evaluated.

The enclosed TER provides a technical evaluation representing the staff's initial judgment of the areas evaluated. Pen and ink changes have been made to the TER by your project manager to make the wording consistent with our approach.

In order to preserve our present review schedule, we would appreciate your cooperation in obtaining additional information that will permit us to complete our review. It would appear that the needed information on your facility could be obtained by telephone conference within one week of your receipt of the DRAFT TER. Your project manager will be working with you to arrange an acceptable time to conduct the necessary conference calls.

The information requested in this letter affects fewer than 10 respondents; therefore, OMB clearance is not required under P.L. 96-411.

Sincerely,

*ORIGINAL SIGNED BY*

*JOHN F. STOLZ*

John F. Stolz, Chief  
Operating Reactors Branch #4  
Division of Licensing
