The NRC plans to administer the generic fundamentals examination (GFE) section of the written operator licensing examination on Wednesday, February 10, 1993.

To register personnel to take the GFE, an authorized representative of your facility must submit a letter to the appropriate regional administrator with a copy to the Chief, Operator Licensing Branch, at the following address:

Robert M. Gallo, Chief  
Operator Licensing Branch  
Mail Stop OWFN 10D22  
U. S. Nuclear Regulatory Commission  
Washington, DC 20555

Your letter should identify the individuals who will take the examination, and it should certify that they are enrolled in a facility licensee-sponsored program leading to an NRC operator or senior operator license and that they will have completed their fundamentals training by the date of the examination. The letter should also identify the personnel who will have access to the examinations before they are administered (e.g., proctors) and the address to which the examinations are to be sent. The letter should be received in both the NRC regional and headquarters offices 30 days before the examination date to allow the NRC to assign docket numbers and make preparations for mailing the examinations to you for administration. A sample registration letter is enclosed.
