Dear Mr. MacDonald:

Transnuclear, Inc. hereby requests renewal of NRC approval of our  
Quality Assurance Program for Design, Manufacture, Test, Use,  
Maintenance and Repair of Packagings for Transport of Radioactive  
Materials, (E-1473).

The enclosed QA Program (E-1473, Rev. 3) has been revised as  
identified on pages i and ii. The revisions consist of updating  
Appendix A to include additions of QA Program Plans and QA  
Procedures since Rev. 2 and to change "10CFR71, Appendix E" to  
"10CFR71, Subpart H" throughout the document. Subpart H was  
reviewed and determined to contain the same QA requirements as  
Appendix E.

Enclosed is a check for \$150.00 in payment of the application fee.

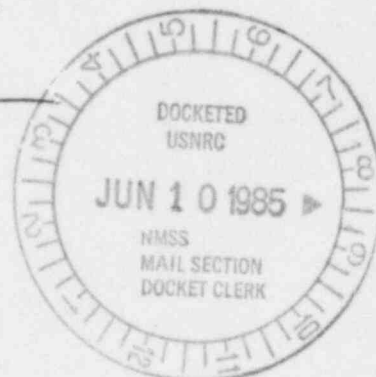

We are continuing to operate under the previously approved  
Revision 2 of the QA Program and look forward to your approval of  
the revised document.
