Dear Mr. Koga:

SUBJECT: INSPECTION NO. 70-1151/93-201

The Nuclear Regulatory Commission (NRC) conducted a routine inspection of your facility's material control and accounting safeguards program during the week of January 11-15, 1993. The scope and results of the inspection are summarized in Enclosure 1, "Inspection Report Summary". Areas examined during the inspection are described in Enclosure 2, "Inspection Report Details".

The inspection consisted of selective examinations of procedures and representative records, interviews with personnel, and observation of activities in progress. At the conclusion of the inspection, the findings were discussed with members of your staff. Within the scope of the inspection, no violations or deviations were identified.

Under the provisions of Section 2.790(d), reports containing information related to a licensee's material control and accounting program are exempt from public disclosure. Accordingly, the Inspection Report Details (enclosure 2) will not be placed in the Public Document Room.

Should you have any questions concerning this letter, please contact us.

Sincerely,

151
Theodore S. Sherr, Chief
Domestic Safeguards Branch
Division of Safeguards
