

**ENVIROCARE** OF UTAH, INC.  
THE SAFE ALTERNATIVE

February 2, 1993

40-8989

Mr. John J. Surmeier, Chief  
Uranium Recovery Branch  
United States Nuclear Regulatory Commission  
Washington, D.C. 20555

Dear John:

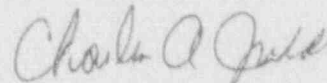

I want to take this opportunity to update you on Envirocare of Utah, Inc.'s ("Envirocare") progress on responding to the draft Safety Evaluation Report ("SER"). We appreciate your staff's efforts in providing Envirocare with the open issues and the draft SER on a timely basis. In responding to the NRC's open issues, Envirocare has expanded the number of consultants it will use to address the open issues. The new consultants are:

Law Environmental, Inc., Ben Rusche, Project Manager  
Environmental Restoration Group, Inc., Kenneth R. Baker, Principal  
Momeni & Associates Consultants, Michael Momeni, Principal

These consultants may occasionally be in touch with the respective members of your staff to respond to the SER's open issues. Envirocare has arranged to meet with your staff on Wednesday, February 10, 1992, to discuss the draft SER and Envirocare's direction on responding to the open issues. George Hellstrom, Vern Andrews and Stan Plaisier will be in attendance in addition to one or two of our other consultants.

We look forward to working with you and your staff in completing the license process in a timely fashion. As always, if you or your staff have any questions, please feel free to call myself or any of the people working on this project for Envirocare.

Sincerely,

Charles A. Judd  
Executive Vice President
