Information Notice

Gentlemen:

PSI's industrial radiography oversight program has been moved to PSI's Corporate Office in Lombard, Illinois and is now managed by the PSI's corporate radiation safety staff. Day-to-day management of licensed activities will continue to be controlled by the license Radiation Safety Officer (RSO), and all required records will be maintained on file at the Branch office available for inspection.

Due to a recent management change, annual radiation records inspections (audits) of PSI Branch offices will now be performed by PSI's corporate radiation safety staff. (An organizational chart of PSI's corporate radiation safety staff is attached.)

This information notice is provided to update the Agency of recent management changes that may affect the license(s) indicated above.

Should you have any questions, please do not hesitate to contact me at 708/691-1490 (x 320).

Sincerely,

PROFESSIONAL SERVICE INDUSTRIES, INC.

John T. Thornton
Radiation Safety Director
