Gentlemen:

In response to your letter dated August 31, 1992, please note that the above referenced material was simply stored for approximately 2 years. Ever since the license fee was increased, we had discussed our desire to dispose of the device. We had been in contact with the NRC office in King of Prussia, Pennsylvania. We had advised that office in writing about our intention prior to the expiration of the license. Furthermore, we have provided them with all the information, including the name of the firm to which this device was sold, and proof of their license.

After all these procedures were completed, we received the invoice for the device which we do not possess. We also have an Amendment No. 1, terminating License No. 37-28014-01, a copy of which is enclosed.

We feel that collecting a license fee for a device which we do not own is not appropriate. We request you to cancel the invoice.

Thank you for your kind consideration.

Very truly yours,

TRI-STATE DESIGN AND DEVELOPMENT, INC.
