**REQUEST FOR AIR SAMPLE ANALYSES**

CO:III:WET

Request analysis of air samples taken at American Potash and Chemical Corporation's (Lindsay Chemical Company) thorium processing plant at West Chicago, Illinois. Samples and sample data sheets have been forwarded to Claude Sill.

Analysis should be for total thorium. We would appreciate an early report of analysis results so that we can include them in our inspection report.

cc: Claude Sill, Chief, Analysis Branch  
Health and Safety Division, Idaho  
w/following enclosures:  
1. Sample Data Sheets (2)  
2. Samples
