Mr. Krish R. Krishnan
Vice President, Advanced Systems Division
Jacobs Engineering Group Inc.
5301 Central Avenue N. E., Suite 1700
Albuquerque, New Mexico 87108

Dear Krish,

The current National Environmental Policy Act (NEPA) and Contracting Officer Representative (COR) schedule for the Grand Junction processing site reflects publishing a draft Environmental Impact Statement (EIS) and Remedial Action Plan (RAP) in December 1985. Recognizing the level of detail provided comparative review in a draft EIS, and the problem with forecasting the outcome of the draft EIS comments and their effect on selection of a final preferred option, it appears prudent to delay preparation of a draft RAP until after the receipt of DEIS comments now scheduled for December 1985.

Please revise your COR RAP schedule to be compatible with the current Record of Decision (ROD) schedule of August 1986, and provide us with a copy of the revised RAP schedule. It is my understanding that the draft RAP could be available in May 1986.

Please let J. D'Antonio know by June 14 if there are any problems.

Sincerely,

ORIGINAL SIGNED BY
