Dear Dr. Grace:

Please refer to my letter to you dated May 29, 1985, regarding Inspection Report 84-15 for our Browns Ferry Nuclear Plant. In that letter we indicated "as-constructed" control air system drawings for unit 3 would be issued by June 1, 1985. However, it has taken longer than we anticipated to complete these drawings. They were issued June 19, 1985 for unit 3 and will be issued before restart for units 1 and 2. This was discussed between Floyd Cantrell of your staff and myself on May 31, 1985.

If you have any questions, please get in touch with R. E. Alsup at FTS 858-2725.

To the best of my knowledge, I declare the statements contained herein are complete and true.

Very truly yours,

TENNESSEE VALLEY AUTHORITY
