

December 2, 1992

NOTE TO: Dennis M. Crutchfield, Associate Director
for Advanced Reactors and License Renewal
Office of Nuclear Reactor Regulation

FROM: John W. Craig, Director
License Renewal and Environmental Review
Project Directorate
Associate Directorate for Advanced Reactors
and License Renewal
Office of Nuclear Reactor Regulation

SUBJECT: EXTENSION OF GREEN TICKET EDO #8215 REGARDING ACRS LETTER ON
PROPOSED BRANCH TECHNICAL POSITION ON ENVIRONMENTAL QUALIFICATION OF
ELECTRIC EQUIPMENT FOR LICENSE RENEWAL

I request that the Office of the Executive Director for Operations completion date for the subject green ticket item be revised from December 4, 1992, to February 5, 1993, and the Office of Nuclear Reactor Regulation due date be revised from December 1, 1992, to February 2, 1993.

Additional time is needed to complete this activity because the response has to be coordinated within NRR and reflect the senior NRR management review process now being initiated.
