Dear Mr. Hauber:

Per my telephone conversation today with Betty Wright of your staff, enclosed is a request for issuance of an export license to authorize the shipment of depleted uranium in the form of UO_2 powder or pellets to ANF GmbH in Germany. The depleted uranium will be used as working stock to down blend the enrichment of various uranium compounds.

A check for \$3,000 is enclosed.

If you have any questions, please contact me at (509) 375-8380.

Very truly yours,
