Docket Nos.: 50-498  
and 50-499

Mr. J. H. Goldberg  
Group Vice President - Nuclear  
Houston Lighting and Power Company  
Post Office Box 1700  
Houston, Texas 77001

Dear Mr. Goldberg:

Subject: South Texas Project, Units 1 and 2 - Request for Additional  
Information

The staff has determined that there is need for the following additional  
information on heavy load handling systems:

Describe the means provided to assure the integrity of lifting  
eyes, concrete structures, and any other heavy loads so that  
they will not fall apart while being handled during refueling  
should the lifting eye fail or the load impact other structures.

Alternately, describe the consequences of failure of concrete  
structures or other heavy loads during handling. This evaluation  
should confirm that unacceptable fuel damage or damage to safety  
related equipment will not occur.

Please inform us as to your schedule for responding. Please contact the  
Project Manager, N. Prasad Kadambi, at (301) 492-7272 if you have any  
questions.
