Washington, D.C. 20555

In the Matter of
PHILADELPHIA ELECTRIC COMPANY
(Limerick Generating Station, Units 1 and 2)
Docket Nos. 50-352 and 50-353 OL

Dear Administrative Judges:

On May 22, 1985, the NRC staff counsel forwarded to the Board and parties a copy of a May 21, 1985 memorandum from Mr. Krimm, Federal Emergency Management Agency (FEMA) to Mr. Jordan, U.S. Nuclear Regulatory Commission. As we noted in our letter of May 22, 1985, the FEMA memorandum of May 21, 1985 (copy attached) referred to two FEMA remedial evaluation reports that the NRC staff promised to provide to the Board and parties once the reports were received. Accordingly, the NRC staff is providing copies (copies attached) of the two FEMA Region III remedial evaluation reports (dated April 18, 1985 and April 25, 1985) for the information of the Licensing Board and parties.

Sincerely,

Donald F. Hassell
Counsel for NRC Staff
