Subject: TRANSPORTATION ACCIDENT IN NEW MEXICO

This is a followup and closeout to PNO-IV-93-004. Late yesterday, the three canisters of radioactive material were recovered intact from the truck accident scene and sent on to their destination, Spectrtek Services, Albuquerque, New Mexico. Interstate 40 was opened to traffic sometime overnight. This information is current as of 7 a.m. (MST), February 5, 1993.

Region IV has informed NMSS and SP.
