

OFFICE OF THE
SECRETARY

UNITED STATES
NUCLEAR REGULATORY COMMISSION
WASHINGTON, D.C. 20555

April 24, 1984

MEMORANDUM FOR: Commissioner Gilinsky
FROM: Samuel J. Chilk, Secretary
SUBJECT: HYDROGEN CONTROL RULE

A handwritten signature, likely of Samuel J. Chilk, written in dark ink.

We have polled Commissioners in response to your memorandum of April 12, 1984 and have determined that a majority (Chairman Palladino and Commissioners Roberts and Bernthal) prefer to wait for the additional information that the EDO indicated would be forthcoming in his March 15, 1984 memorandum. That information is now expected in early May. Commissioner Asselstine would proceed with the rule at this time.
