The Carborundum Company
The Carborundum Metals Co. Div.
P. O. Box 32
Akron, New York

Attention: Mr. B. E. Spink, Asst. to Mgr.
Technical Branch

Gentlemen:

Enclosed is Source Material License No. C-4922, as amended, authorizing the receipt, for storage only, of 900 tons of ore containing up to 0% thorium at your Parkersburg, West Virginia facility.

Before we may further consider amending your License No. C-4960 to extend the expiration date and authorize further processing of the additional ore, we require that you submit the results of the preliminary radiation surveys obtained during the first run. You should include areas where measurements were made or samples taken, the type of instruments used and the surveys that were conducted.

Upon receipt of this information, we shall further consider your request for license amendment.
