The Carborundum Company  
P. O. Box 32  
Akron, New York

Attention: Mr. D. E. Spink, Assistant to Manager  
Technical Branch

Gentlemen:

Pursuant to the procedures described in your letter of March 25, 1960, we are enclosing License C-4960, as amended, authorizing further processing for completing the chlorination and liquid-liquid extraction steps of your operation.

From the information contained in your letter of March 25, 1960, regarding the carbide run, it appears that some dust control measures are desirable. Therefore, before a full term license is granted, you should describe the dust control measures you will employ and the type of radiation survey program you will conduct.
