SUBJECT: NONREACTOR EVENT REPORT DATABASE FOR THE PERIOD
JULY - DECEMBER 1984

The enclosed report summarizes Nonreactor Event Report (NRER) Database records which have been added for the period July - December 1984. This report supplements the May 2, 1985, AEOD report on the NRER database.

The database currently contains information on operational events as reported by licensees to the NRC Regional Offices during the second half of 1984.

With the publication of this semiannual report, AEOD is beginning an annual review of nonreactor events. The next report will cover 1985 events and will be published in the summer of 1986.

Comments or other feedback on the NRER database from NRC user offices are welcome.
