Dear Mr. Guinn;

Enclosed herewith please find two (2) copies of our application for a material license to operate a Troxler 3411-B Nuclear Density Gauge and our check in the amount of two hundred thirty dollars (\$230.00) in payment of the application fee.

As I mentioned in our phone conversation, we will be attending Troxler's training course at their offices on the 6th of June. We will need to be able to pick up our instrument no later than that date.

I am enclosing a small brochure on our company for your files. Thank you for your assistance. It was greatly appreciated.

Cordially,

DENEX Corporation
