C.1.3.3. Tasks to Be Accomplished for Region IV Only

TASK	PERIOD OF PERFORMANCE	DELIVERABLE
1.(a) Provide technical review and evaluate NRC and the vendor's recommendations for performance and acceptance test plan(s) for assurances that the plan(s) meet the criteria identified in the contract, industry standards, and test problem/failure areas encountered since 1983.	Start within three (3) working days from effective date of contract modification. Completion is to be within five (5) working days from start date.	All comments/recommendations, etc. must be made in writing (3 copies) and delivered to the Project Officer by close of business on completion date.
1.(b) Followup evaluation of vendor's recommended modification and/or comments of NRC's Test Plan recommendations. NOTE: Additional modifications/comments may be made by the vendor/NRC. KOH shall be responsible to perform evaluation on all of the additions/changes made.	Start up date within two (2) days after telephonic notification by Project Officer or his designee. Completion date within three (3) working days from start date.	All comments/recommendations, etc. must be made in writing (3 copies) and delivered to the Project Officer by close of business on completion date.
2. Provide on site (Region IV) engineering assistance/support to TB and Regional staff by performing, at a minimum, analysis, evaluations and recommendations prior to, during, and after the Load/Functional Test. NOTE: Followup actions as identified in Task 2 may be required should the initial test fail and additional tests are required.	Start up to begin two (2) working days prior to scheduled test date and completed within two (2) days after load test is completed. This includes travel time.	Status/summary report (3 copies) must be delivered to the Project Officer within four (4) days after completion of test.
3. During and after the thirty (30) day performance test, provide as required technical support/recommendations for plan of action to be taken should a) system fail or problems are encountered, or b) test performs satisfactorily as outlined in the Test Plan. NOTE: Followup actions as identified in task may be required should the initial test fail and follow-on tests are required.	Start date is same day or day after satisfactory Load Test has been made. Completion date is five (5) working days after completion of 30 day test.	Status/summary/recommendation report (3 copies) must be delivered by close of business on the task completion date.
