OFFICE OF SECRETARY
DOCKETING & SERVICE
BRANCH

Dear Mr. Chilk,

I am writing on behalf of our organization and the people of our area to request a complete copy of Kerr McGee's Sequoyah Fuel's license, SUB 1010, including all amendments. The cost of copying the license (should it be all available at the Sallisaw Public Library) would place a hardship upon our group at this time. Since we do represent the people affected by this plant, we feel we have the right to this document.

Also, we are still waiting for written replies to our letters dated May 13, 1985 and June 21, 1985 concerning the public hearing on the licensing of a new plant at the Sequoyah Facility.

Sincerely,

Jessie Deerinwater
