Re: License No. SUA-1471 - Change in Radiation Protection
Administrator

Dear Pete:

As per our many discussions on my requirements to become RPA of the Grants Uranium mill site, I feel that I have met those requirements. I attended and passed a one week course on radiation safety and have had additional on-site training by Noel Savignac.

Attached are my training records. Effective date for my assumption of RPA duties would be December 10, 1992.

If you have any questions please call.

Sincerely,

HOMESTAKE MINING COMPANY
