Gentlemen:

Subject: Inspection Report No. 50-271/85-24

A routine safety inspection of your transportation and radioactive waste programs was conducted by Mr. H. Bicehouse of this office on June 24 - 28, 1985. Our findings were discussed with Mr. J. Pelletier of your staff at the conclusion of the inspection on June 28, 1985.

Areas of the transportation and radioactive waste programs examined during this inspection are described in the NRC Region I Inspection Report which is enclosed with this letter. Within these areas, the inspection consisted of selective examinations of procedures and representative records, interviews with personnel, and observations and measurements made by the inspector.

We have reviewed the actions taken to correct the violation brought to your attention in the enclosure to our letter, dated April 2, 1984. The corrective actions stated in your letter, dated September 24, 1984, appear to be adequate to prevent recurrence.

Within the scope of this inspection, no violations were observed.

No reply to this letter is required. Your cooperation with us in this matter is appreciated.

Sincerely,
Original Signed By:
