Enclosed is our payment of \$1,600 for invoice AM1349-96. Also enclosed is notice from the Federal Emergency Management Agency of receipt of our radioactive material for which the above license fee applies. FEMA received this material July 9, 1996 under US NRC Materials License number 08-01297-06.

Therefore, it appears we are due a license fee refund for the period of July 9, 1996 through September 30, 1996, or 22.7% of the year. This is approximately \$363.83 credit due. If there be other charges outstanding on our annual fee please deduct them from your reimbursement for overpayment of 83 days in the current license year.
