AND 50-324/85-18

This refers to the enforcement conference held with you and others of your staff in the Region II Office on June 6, 1985, at our request. This meeting related to activities authorized by NRC Operating License Nos. DPR-71 and DPR-62 for the Brunswick 1 and 2 facilities. The subject discussed is detailed in the enclosed inspection report.

Our concerns regarding management control of in-service inspection contractors were expressed to you at the meeting and your positive response to our concerns was appreciated. It is our opinion that this meeting was beneficial and has provided for a better understanding of inspection findings and enforcement issues.

Should you have any questions regarding this summary, we will be pleased to discuss them.
