Russell Powell, Chief  
Freedom of Information Branch  
U.S. Nuclear Regulatory Commission  
Washington, DC 20555

Dear Mr. Powell,

Through the Freedom of Information Act I would like to request information needed to complete an NRC license application.

I need information contained on the original NRC License application submitted by Nordian and Theratronics, when they applied to install and service Cesium 137 sealed source Gamma Irradiators in the U.S.. Copies of the amended license to date from each company are also requested.

I have been working on the license with Region I of the NRC. My latest information to submit my request through you came from Cheryl Buracker in Region I. I hope I spelled the name correct.

Please let me know if you need any additional information.

Sincerely,

*Bill Kelleher*
