Tennessee Valley Authority
ATTN: Mr. H. G. Parris
Manager of Power and Engineering
500A Chestnut Street Tower II
Chattanooga, TN 37401

Gentlemen:

SUBJECT: BROWNS FERRY NUCLEAR PLANT RADIOLOGICAL EMERGENCY PLAN REVIEW, DOCKET
NOS. 50-259, 50-260 AND 50-296

We have completed our review of Revisions 22 and 23 of the Browns Ferry
Radiological Emergency Plan.

Our review indicated that your Browns Ferry Radiological Emergency Plan continues
to meet the planning standards of 10 CFR 50.47(b) and the requirements of
Appendix E to 10 CFR 50.

Please be reminded that 10 CFR 50.54(q) requires NRC approval of any changes to
your Plan which may decrease the effectiveness of the Plan. However, if your
safety review indicates no decrease in emergency preparedness, then changes can
be made without NRC approval. In all cases, you should furnish copies of each
proposed change to the NRC in accordance with 10 CFR 50.54(q). Also, any changes
to the Emergency Plan Implementing Procedures should be made in accordance with
the requirements of 10 CFR 50, Appendix E, Section V.

Should you have any questions regarding this letter, please contact Mr. Alphonsa
Gooden of our staff at 404/221-6206.

Sincerely,

David M. Verrelli, Chief
Reactor Projects Branch 1
Division of Reactor Projects
