RE: SOURCE MATERIAL LICENSE SUA-1373
DOCKET NO. 40-8728

Dear Sandy:

Per our discussions during the meeting of April 17, 1985, please find attached the resumes of Roger A. Garling, Sheryl A. McArt and myself. Because my own resume is brief, I have added more details about my education and radiation background on a separate sheet.

I would appreciate your review of this information for the purpose of approving myself or one of the other individuals as Radiation Safety Officer and all three if qualified, for Radiation Safety Technician for the purpose of decommissioning the UNC Teton Leuenberger Site.

Thank you again for your input in yesterday's meeting and your kind assistance in this matter.

Sincerely yours,

Richard R. Appel
