Dear Dr. Glenn:

As described in my letter of May 10, 1985 we have now completed our radiographic activity phaseout at the Lester Plant. Our licensed sources have been returned to their original manufacturers and we are no longer in possession of any radioisotopes.

I am hereby requesting that our referenced materials licenses be cancelled effective May 31, 1985.

If you have any questions, please contact me at (215) 237-7100.

Very truly yours,

J.F. Phillips 5/31/85
