Subject: 10 CFR Parts 30, 40, 70 and 72

Dear Sir or Madam:

I have the following comments on the subject proposed rule making:

Where a decommissioning plan is required, I suggest that the rule making discuss the items listed below:

- o What decommissioning activities, if any, may be initiated during the NRC review period of the plan?
- o What is the interaction procedure with NRC pre-requisite to initiation of those activities?
- o Any other guidance relative to early commencement of decommissioning activities deemed advisable by the NRC staff.

Sincerely,

William J. Manion
