

## NOTICE OF VIOLATION

Community Medical Care, Inc.  
2055 Limestone Road, Suite 115  
Wilmington, Delaware 19808

Docket No. 030-34064  
License No. 07-30275-01

During an NRC inspection conducted on August 29, 1996, violations of NRC requirements were identified. In accordance with the "General Statement of Policy and Procedure for NRC Enforcement Actions," (Enforcement Policy), NUREG 1600, the violations are listed below:

- A. 10 CFR 35.13(e) requires that a licensee apply for and must receive a license amendment before it adds to or changes the areas of use or address or addresses of use identified in the application or on the license.

Contrary to the above, as of August 29, 1996, the licensee added areas where byproduct material are used for nuclear cardiology clinical procedures, and, as of that date, the licensee had not applied for a license amendment authorizing use in these areas.

This is a Severity Level IV violation (Supplement VI).

- B. 10 CFR 35.51(a)(3) requires that a licensee conspicuously note the apparent exposure rate from a dedicated check source, as determined at the time of calibration, and the date of calibration on any survey instrument used to show compliance with 10 CFR Part 35.

Contrary to the above, as of August 29, 1996, the licensee did not conspicuously note the apparent exposure rate from a dedicated check source, as determined at the time of calibration on their survey instrument. Specifically, the Ludlum, Model 14c, survey instrument calibration which was performed on February 27, 1996 by the manufacturer did not include the exposure rate from a dedicated check source, and the licensee was using this survey instrument to show compliance with 10 CFR Part 35.

This is a Severity Level IV violation (Supplement VI).

Pursuant to the provisions of 10 CFR 2.201, Community Medical Care, Inc. is hereby required to submit a written statement or explanation to the U.S. Nuclear Regulatory Commission, ATTN: Document Control Desk, Washington, D.C. 20555, with a copy to the Regional Administrator, Region I, within 30 days of the date of the letter transmitting this Notice of Violation (Notice). This reply should be clearly marked as a "Reply to a Notice of Violation" and should include for each violation: (1) the reason for the violation, or, if contested, the basis for disputing the violation, (2) the corrective steps that have been taken and the results achieved, (3) the corrective steps that will be taken to avoid further violations, and (4) the date when full compliance will be achieved. Your response may reference or include previous docketed correspondence, if the correspondence adequately addresses the required response. If an adequate reply is not received within the time
