Letter to Bernard, Sr.
Chf. of Nuc. Mat. Safety - Inspectors
US Nuclear Regulatory Comm.
Washington DC 20555

Dear Mr. Bernard,

Please put me on record for
supporting Michigan Atty. Gen. Frank
Kelly in asking the NRC for a public
HEARING, not meeting regarding the
permanent storage case VSC-24 that
they want to load with deadly radio-
active nuclear spent fuel at the
Palisades Nuclear Plant, Covert, MI,
50 yards from Lake Michigan.

Sincerely yours

Vivian Waldron
