

ENCLOSURE

NOTICE OF VIOLATION

Acme Construction Company, Inc.

License No. 47-21213-01

The following violation results from the revocation of your license on January 4, 1985. While we have exercised our enforcement discretion to allow you a reasonable time after revocation of your license to dispose of the material, you had not disposed of the material on February 20, 1985, more than 30 days after revocation of your license. The Severity Level was assigned in accordance with the NRC Enforcement Policy (10 CFR Part 2, Appendix C).

10 CFR 30.3 forbids a person to manufacture, produce, transfer, receive, acquire, own, possess, or use byproduct material except as authorized by a specific or general license issued pursuant to the regulations of 10 CFR 30, an exemption provided by 10 CFR 30, or an exemption provided by 10 CFR 150.

Contrary to the above, on January 4, 1985, NRC License No. 47-21213-01 was revoked for nonpayment of fees, leaving the former licensee in possession of byproduct material, not covered by any of the authorized exceptions, indicated above.

Pursuant to 10 CFR 2.201, you are required to submit to this office within 30 days of the date of this Notice a written statement or explanation in reply including: (1) admission or denial of the alleged violation, (2) the reasons for the violation if admitted, (3) the corrective steps which have been taken and the results achieved, (4) corrective steps which will be taken to avoid further violations, and (5) the date when full compliance will be achieved. Security or safeguards information should be submitted as an enclosure to facilitate withholding it from public disclosure as required by 10 CFR 2.790(d) or 10 CFR 73.21.
