Dear Mr. Kinneman:

This is in regards to your letter of April 17, 1985. Enclosed for your use is a copy of form NRC-314 which relates to License No. SNM-1845. With this Certificate of Disposition of Materials we are requesting that this license be retired since no materials have ever been possessed or procured by the licensee under this license.

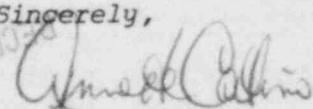

Additionally, in regard to the Notice of Violation, Condition 16, Block 15, Item 5, as of January 23, 1985 Delaware Valley Medical Center has instituted a policy within the Department of Nuclear Medicine prohibiting eating, drinking, smoking or the application of cosmetics or the storage of these items in the area where radioactive material is stored or used. This policy has been issued to each member of the staff of the Department and they have acknowledged receipt of such.

In regard to the Procedure to check the Xenon Trap on a weekly basis, policy to do such has been implemented in the Department of Nuclear Medicine and the responsibility has been assigned to Ms. Barbara Grissinger, Technical Director of Nuclear Medicine to perform these checks on a weekly basis. A log of these checks will be kept in the Department and available at our next Inspection.

Should you require any additional information or have questions about this material, please do not hesitate to call me at (215) 750-3108.
